## **Attention Parents: Daily Homework Agenda**

Our goal in junior high is to help students become responsible in remembering and completing their homework; however, we understand that some students still need support with this. Therefore, our staff maintain a daily log of homework for our 7th and 8th graders on a google document that is shared below. You can click on the link daily to find out what your child is expected to have completed. It does not always include all assignments, but staff do their best to include core assignments. We hope it is useful as we work together to help your child become more independent.
