

Truman School: We are Better Together

Through the pandemic, The Truman community has persevered through virtual learning, being apart from each other, and navigating new and engaging ways to foster connection with one another. Through it all, we can all agree on one main message; that we are simply Better Together. That's why we have decided to use this message as our Truman School theme. By being "better together," we realize all the amazing potential and harmony we have as a community. At the same time, we celebrate the unique qualities and strengths of each individual, which ultimately contribute to a diverse and inclusive environment. We look forward to teaching, learning, and cultivating a nurturing, well rounded and accepting school community, because in the end, we are Better Together!
