Teacher Assignments

As the number of students in each grade level changes from year to year, so must the number of teachers in that grade level. Thus, there has been some reassignments this year to accommodate the enrollment, which I feel include some exciting changes. The *Sherman Classroom Teacher Assignments 2022-2023* are noted below and explicate specific teacher assignments and changes. Below is an overview of our current sections:

Prior to you receiving your child's/children's teacher for 2022-2023, I wanted to provide you with an overview of the teacher assignments for this year (see below). Notes.

¹ Mrs. Paci will remain on maternity leave and will return to fulltime status on September 22, 2022. Her long-term sub will be Mrs. Karen Nash. Her previous coverage assignments include a long-term coverage for Mrs. Mencio, as well as many other teacher absences, and so we are fortunate to have her start the year in 3P.

² Please note that we will continue to departmentalize in 5th grade as in previous years.

New staff

I will include an update on new staff in an upcoming communication and once some details have been finalized.

Special Education Case Loads

As with all years, special education case manager assignments will be finalized when the staff return and following a review of current information and enrollment.
