

ATTENDANCE REPORTS 2021-2022

ATTENDANCE IS THE  KEY

2021-2022 School Attendance End of Year Report
Departmental Goal Achievement and Attendance Initiatives

Submitted by Melissa Burke, School Social Worker/Attendance Court Liaison

Volusia County Schools as well as all other districts in Florida began the 2021-2022 school year still facing the COVID-19 Pandemic. The district no longer offered parents the 3 learning modalities offered in the 2020-2021 school year. Parents only had 2 options to choose; return to in-person or Volusia Online Learning. New quarantine codes for attendance were established to ensure those days were captured. CDC guidelines for quarantining were closely monitored by the district and followed at each school. As a result of the numbers of quarantined students, school attendance district wide was adversely affected. However, the School Social Services Team continued to focus on decreasing chronic absenteeism by assisting students, families, and school staff with alleviating barriers to school attendance. Chronic absenteeism is defined as missing 10 percent or more of school days including all absences, excused or unexcused and suspensions. The district's rate at the end of the school year for chronic absenteeism was at 30.2%. Collaboration continued with Stewart Marchman Act-CINS/FINS Program, State Attorney's Office, and Volusia County Teen Court Program to follow-up on truancy referrals.

During the 2nd semester, we were able to revive the Superintendent's Attendance Initiative due to funding given by Advent Health. The following initiatives were recognized:

- Excellence in Attendance Award recognizes the schools with the highest attendance rate at the elementary, middle, high school, and alternative levels at the end of each semester. Winners for first semester of the 2021-2022 SY were: Sweetwater Elementary at 95.36%, Heritage Middle at 94.16%, Spruce Creek High at 92.14%, and Riverview Learning Center at 80.59%. Winners for the second semester of the 2021-2022 SY were: Sweetwater Elementary at 94.54%, Creekside Middle at 92.97%, Spruce Creek High at 92.96%, and Pace Center for Girls, Inc. at 76.28%.
- This SY the Superintendent's Attendance Challenge Award featured the top schools at each level achieving the highest reduction in chronic absenteeism during the fourth nine-weeks. The percentage of improvement was determined by the difference between the school's chronic absenteeism rate at the end of the third 9 weeks and June 3, 2022. The winners were Elementary: Port Orange Elementary-1st place with a reduction of 7.68%, Pierson Elementary-2nd place with a reduction of 7.60%, Chisholm Elementary- 3rd place with a reduction of 6.14%; Middle: Campbell Middle-1st place with a reduction of 3.45%, Creekside Middle -2nd place with a reduction of 3.44%, and DeLand Middle-3rd place with a reduction of 3.36%; High: DeLand High-1st place with a reduction of 1.17%, New Smyrna Beach High-2nd place with a reduction of 0.89%, Spruce Creek High-3rd place with a reduction of 0.30%; Alternative: Highbanks Learning Center-1st place with a reduction of 2.3% and Riverview Learning Center-2nd place with a reduction of 0.2%.
- The James T. "Tom" Russell's Great Strides in Attendance Award honors the schools who had the highest rate of reduction of chronic absenteeism for the 2021-2022 school year at the elementary, middle, and high school levels. Each winning schools' chronic absenteeism rate was compared from the end of last school year (2020-2021) to the end of the current school year (2021-2022). The James T. "Tom" Russell's Great Strides in Attendance Award Winners were: Spruce Creek Elementary with a reduction of 9.8%, Campbell Middle with a reduction of 32.3%, and Seabreeze High with a reduction of 7.2%.
- Shirley H. Lee Community Support for School Attendance Award: This award is given to an individual who has exhibited an exemplary personal commitment to promoting regular school attendance. The winners were Florence Boyce, CINS/FINS Service Manager and Jessica Canfield, School Counselor, Coronado Elementary.

The 2021-2022 School Social Work Services Attendance Goals:

1. To reduce the chronic absenteeism rate at all schools. Social Workers promoted attendance and engagement initiatives, and provided support to schools, students, and their families to improve attendance. End of year data showed that 18,701 students were chronically absent (30.2%) district wide, a 1.1% decrease from last SY. The district rate for homeless students who were chronically absent was 5.2% which represents 973 students. The district rate for ESE students who were chronically absent was 26.7% which represents 5002 students.
2. To decrease the percentage of students who are habitually truant with emphasis on the homeless population. Social Workers worked towards this goal by monitoring school attendance, disaggregating attendance data, promoting attendance and engagement initiatives, and providing support to schools, students, and their families to improve attendance. School Social Workers assisted school-based staff in identifying all truant students (students with 15 or more unexcused absences within a 90 calendar period) at each of their assigned schools by providing monthly habitual truancy reports and inquiring about interventions for those students on the list. Documented interventions were provided to the Coordinator of School Social Services monthly. The overall rate of students who were habitually truant for the 2021-2022 SY was 7.5% which represents 4,639 students of the total population of truant students. The overall rate of homeless students who were habitually truant was 8.5% which represents 393 students of the total population of truant students. The overall rate of ESE students who were habitually truant was 28.5% which represents 1323 students of the total population of truant students.

School Social Workers provided support to schools, students, and their families through PST meetings, phone calls, home visits, and letters with information about compulsory school attendance with follow-up of 1587 referrals regarding attendance which included terminated home education students, Learnfare students, Hospital Homebound/Home Instruction/Off Campus Instruction programs. School Social Workers assisted Student Accounting with following up with parents of 873 students who had W02 withdrawal codes and 51 students who had W24 withdrawal codes. When more assistance was needed, School Social Workers referred parents and students to community stakeholders for support in improving school attendance. School Social Workers submitted 9 Teen Court referrals, 141 CINS/FINS referrals, and 171 ASAP referrals. There were 18 parents who were referred to adult court through the State Attorney's Office for violation of the compulsory school attendance law based on 16 students' patterns of non-attendance.

School Social Workers were supportive in assisting the district in resolving DNE withdrawal codes again this school year in order to ensure that the district's count was accurate for the submission to FLDOE for annual withdrawal reporting (i.e. Survey 2-5). On 8/27/21 (Day 10), there were 1215 DNE students. All DNE codes were resolved by the end of the school year.

Two School Social Workers assigned to the alternative education schools provided transition services for those students who were placed at Highbanks Learning Center and Riverview Learning Center by the District Student Placement Committee or their respective (ESE) IEP teams. As of 6/3/22, 183 students were placed at Riverview Learning Center and 131 students entered Riverview. At Highbanks Learning Center, 143 students were placed, and 120 students entered the program.

In October 2015, the Obama Administration launched *Every Student, Every Day: A National Initiative to Address and Eliminate Chronic Absenteeism* with a goal to decrease chronic absenteeism by at least 10 percent each school year. Research shows that missing at least 10 percent of school days in a year for any reason is a primary cause of low academic achievement and a powerful predictor that students will eventually drop out of school.

*Note: Calculations for Online Learning attendance data began in the 2013-2014 school year. For the 2016-2017 and 2017-2018 school years, Online Learning only included full-time Volusia Virtual School. Beginning the 2018-2019 school year, Online Learning attendance reporting was not available in the Student Information System.

**Note: Beginning the 2019-2020 school year, a new Student Information System (FOCUS) was implemented. The habitual truancy report was not developed until mid-year and only includes students who are compulsory age whereas before included all students who were habitually truant regardless of age. The chronic absenteeism report was not developed until the summer of 2020. All Florida schools were closed due to COVID-19 on 3/23/20 and no attendance was taken during Phase 1 (3/30/20-4/15/20) of Distance Learning in Volusia County Schools. Attendance was captured during Phase 2 of Distance Learning in Volusia County Schools from 4/16/20-5/29/20. Absences were defined as no evidence of engagement in a digital platform and/or no response to contact attempts within a week. Through the end of the third quarter (3/12/20), the district wide truancy rate was 2.3% and the district wide chronic absenteeism rate was 21.2%.

***Note: In the 2020-2021 school year, all Florida schools reopened despite the COVID-19 pandemic. The rates were considerably higher because of the multiple positive cases and quarantines which required students to be absent at least 10 days at one time, difficulty with technology for students who were enrolled in one of two online learning options, and parents' fears of the pandemic.
