

DEPAUL CATHOLIC HIGH SCHOOL

Spartan Sentinel

Welcome to the Spartan Sentinel, our bi-weekly electronic newsletter for all things DePaul Catholic.

Principal's Corner Mr. Russell Petrocelli

Dear Spartan Community:

As I get older, it always amazes me how quickly the school year goes by...it is October and 10% of the school year is complete. I ask the students every month, "Have you accomplished 10% of your goals for this school year?" I told the students at the start of the school year, the academic year is a marathon and not a sprint. Pace yourselves well and you will be successful!

After a great start of the year, we head into a busy October. The Freshman Class Retreat (10/2), Homecoming (10/4), Open House (10/9), and Parent Conferences (10/17 from 1:30 PM to 5:30 PM) are just some of the highlighted events as we start the month of October.

Everything that we do here hopefully leads to the same end result – student success! If you are a current parent/guardian of a student and want to talk about your child's academic progress, please plan on attending the **Parent Conferences scheduled for October 17, starting at 1:30 PM.**

At Back to School Night, I spoke to our families about the dangers of vaping and E-cigarettes. This has now moved to the national headlines as doctors are confirming these devices as the cause of death in people around the country. If you suspect that your child is involved in this activity, please feel free to call us so that we can partner in supporting a healthy lifestyle for all of our students.

Please visit this newsletter on a regular basis to be brought up to speed on the happenings across the campus. If you are a graduate and are in the neighborhood, please stop in and say hello.

St. Vincent DePaul...Pray for Us!

Moving Forward... Mr. John Merritt '71 **Vice Principal, Student Life**

I had the opportunity to represent DePaul this past weekend at the 50th anniversary reunion of the Class of 1969. Imagine 50 years! Some of the folks in attendance had not been back to DePaul in all those years. They spent the reunion at a reception at school, attending Mass offered by Father, now Monsignor, O'Rourke and finishing with a dinner with music and dancing to 60's music on Saturday night. Most of the attendees were

retired and many were grandmas and grandpas. Sadly, 18 members of the Class of 1969 had passed away. Those 90(+) members of the class in attendance, however, were truly a sight to see.

I was in 10th grade when they graduated, but I did remember most of them. As sophomores, we had looked up to them and tried to follow their example. As a class they became very successful in life and all were truly happy to see each other again to reminisce for a few hours.

So what did they talk about?

Well, the football players did not discuss their success as team, but only the fact that they had not beaten St Cecilia's as seniors. Sports memories last a lifetime, the good ones and the tough ones.

I also heard more than a few of them say that DePaul had been a wonderful time in their life and a large part of the foundation for their future.

They talked about the things they learned, the discipline they were taught, the friends they made, the teachers they loved and had driven crazy, and the memories they had built.

When you think back to the year 1969, when they graduated, these folks saw firsthand the moon landing, Woodstock, sadly the Vietnam War, the Yippies, Hippies and the end of the Beatles.

Interesting times.

DePaul Alums are the foundation and lifeblood of 2019 DePaul Catholic High School. After speaking with them I felt, as I have always felt, that DePaul offers a Catholic Education that will last a lifetime. Please remember and support us as we continue to offer that very same Catholic Education.

It was a great night for the entire DePaul Community..... past and present.

DePaul Catholic Physical Education Takes On Pickleball

[Ms. Melissa D'Auria](#)

This quarter, in pattern 5 and 6 physical education classes, students were introduced to a new sport called pickleball. The name Pickleball comes from the founder, Joel Pritchard, who grew tired of watching his family sit around with nothing to do. Pritchard found an old badminton court, ping pong paddles, and plastic balls. The family found that the balls bounced well on the asphalt and made a game out of it. As they played, their dog Pickles would come by and run off with the ball, giving them a name to the game. Pickleball is a lifetime activity, as it promotes physical activity at any age. The physical education department hopes that DePaul's students are learning a new sport that they are eager to try outside of their class. The game was so intriguing, even Mrs. Baldo came to

join in!

Jets Flight Crew Visits DePaul

[Mrs. Rita Aboyoum](#)

On Wednesday September 25th, the DePaul Catholic Varsity and Freshman cheerleaders got to meet two of the New York Jets Flight Crew Cheerleaders for a meet and greet and inspirational discussion.

DePaul Alum, Samara Lobosco, '11 and fellow cheerleader Jackie, talked about their journey from high school cheer and dance to college to the Jets professional team they are a part of today. Their message was positive and full of encouragement.

Samara is a graduate of The University of Delaware where she performed on their award winning dance team and got her bachelor degree in elementary and special education. She earned her masters degree in Autism and Severe Disabilities at Delaware as well. While she was getting her Masters, she performed on the Philadelphia Eagles Professional Cheer Team. Today she teaches 6th grade special needs students, is newly engaged to be married and performs at all of the Jets home games with the Jets Flight Crew Cheerleaders!

Samara is a true Spartan!!

Thank you Samara and Jackie!!!

The Math Department Welcomes Mr. Malyack

The Mathematics Department welcomes Mr. Joseph Malyack to DePaul Catholic. Mr. Malyack comes to us after graduating with honors in Mathematics and Statistics and a concentration in Philosophy from Vassar College. His teaching schedule includes Algebra 1 and 2, Geometry and Honors Calculus. Mr. Malyack is not only a graduate of DPCHS but was the valedictorian of his class. He and his sister were also stellar members and captains of the bowling team. It is no surprise that he has now taken on the role of coach of the bowling team, where he can encourage his members to catch up to his six perfect games of 300! Mr. Malyack was also a member of the golf team in high school, and when asked about those skills, he said he would challenge anyone to a round of mini golf.
