

ASCEND Program

2022-2023 Academic Year

About Us

The **ASCEND Program** provides intensive behavioral and mental health supports to students in Salt Lake City School District.

Our team is made up of Board Certified Behavior Analysts, licensed psychologists, clinical social workers, graduate clinicians in counseling and school psychology, special education teachers, and paraeducators.

Who We Serve

The ASCEND team operates at **Beacon Heights Elementary School** and serves students in grades K through 6th.

We serve students identified by SLCSO as needing intensive behavioral or mental health support. All ASCEND students receive special education services in a comprehensive behavior and mental health support classroom.

Our Services

Mental Health Support
