# User Tips:

- If you allow your screen to sit idle for more than 30 minutes, you will lose the data entered since last save and have to re-enter it.
- Save frequently.
- Electronic Single Application works best when accessed through Internet Explorer
- Once you have created a Single Application, there are 2 ribbons that will help you navigate through the entire process; BLUE and RED.

BLUE Ribbon Links:  HOME (will take you to the home screen to see your submitted applications and incomplete applications).

- Home will allow you to view "User Settings" and submit applications.

RED Ribbon Links: Page-by-page Navigation through the single application.

- Certification Page: a checklist for completion.  At any time during the application process, you can click on Certification to see if you've satisfied all required information for each page.  If not, a link to the page and a list of errors will appear.
- Once all required information has been submitted, submit application will appear.
