# T-SHIRT GUIDELINES

**When creating campus t-shirts, you have full creative reign as long as you do not alter or change official campus logos or wordmarks**

- If you use the official campus logo or any of the Midlothian ISD wordmarks on a t-shirt design, then you must adhere to all logo usage rules
- You may use any font to write out the campus or school district name and for any slogan/headline
- You have the approval to use any creative direction desired
- If you choose to create blue colored t-shirts, please try and use a color close to our Midlothian Blue

- Do not recreate campus logos
- Do not change logo colors or add patterns within the logo
- The logo should be legible and easy to identify, do not place the logo over busy or distracting backgrounds
- Do not embed logos into text or sentences
- Use caution when resizing logos, they should never be rotated, stretched or re-proportioned incorrectly
- Avoid logo pixelation and blurriness
