Mrs. Moriarty explained that the original structural number of \$15,000 is only for drawings it does not include any construction. Today, Friday, June 24, Chair Heath, Mrs. Moriarty, Mr. Bemis, Consultant, Mr. Guyer, Consultant, representative from HEB (Structural Engineers), and representatives from Laconia Refrigeration met to discuss placement of the rooftop units. The weight of the units is between 3,300 pounds and 3,500 pounds. Following the meeting, Chair Heath, Mr. Bemis, Mr. Guyer, and the representatives from HEB and Laconia Refrigeration further explored the spaces and were more encouraged that intentional placement of the three (3) units will limit costs for structural support. There is no final number at this stage.

Mrs. Moriarty shared with the School Board a proposal for setting aside additional funds to support unanticipated costs of the Ventilation Project. The proposals are as follows:

Summary of Proposed Additional Funds for Ventilation Project	
Description	Amount
Shift up to \$30,000 encumbered from end of year (21/22) fund balance for Playground to Ventilation Project	\$30,000
Shift \$33,000 in operating budget (22/23) for an additional Building Para-Educator to Ventilation Project – this means the position will not be filled for the 22/23 school year	\$33,000
Shift \$33,000 in operating budget (22/23) for a Special Education Para-Educator to the Ventilation Project; fund Special Education Para-Educator out of Special Education Expendable Trust – requires Public Hearing and School Board vote	\$33,000
Total	\$96,000

Mr. Heath asked if Mrs. Avery had a chance to see this proposal and Mrs. Moriarty explained due to the timing they have not connected other than Mrs. Moriarty sending an email. Mrs. Moriarty indicated that the encumbered funds were the only time sensitive decision at this stage.

Mr. Felton moved, seconded by Ms. Coleman, to approve shifting the up to \$30,000 encumbered from end of year (2021-2022) Fund Balance for the Playground to the Ventilation Project. The motion carried 4-0.
