For the purposes of this Contract, the term "day" shall mean and refer to calendar day.

The Contractor shall achieve Substantial Completion of the Work in accordance with the Contract Documents and the schedule submitted by the Contractor and approved by the Owner (such approved schedule as it may be amended in accordance with this Contract, the "Schedule") no later than October 31, 2022.

C. Final Completion: The Contractor shall achieve final completion of the Work no later than thirty (30) days after the delivery of the Punchlist as described and defined in Article XVI.

D. Excusable Delay: If the Contractor is delayed at any time in the progress of the Work by changes ordered in the Work by the Owner not due to the fault of the Contractor, a subcontractor, sub-subcontractor, supplier, or any person or entity directly or indirectly employed by any of them or for whose acts any of them may be liable or responsible (individually, a "Responsible Party" and collectively, "Responsible Parties"), or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Contractor's control, the Contract Time shall be subject to equitable adjustment.

A claim for an extension of the Contract Time shall be made within 15 days after the Contractor first recognizes the condition giving rise to the claim.

VI. Contract Sum

The Owner shall pay the Contractor the Contract Sum in accordance with this Contract for the Contractor's performance of the Work in compliance with the Contract Documents. The Contract Sum shall be the stipulated amount of _____ Dollars (\$ _____), subject to additions and deductions as provided in the Contract.

The following unit prices shall be applicable as regards changes in the Work:

Item _____	Unit _____	Price Per Unit _____
Item _____	Unit _____	Price Per Unit _____

Unit Prices shall be applicable for both additions and deductions from the Work.

VIII. Payments and Applications for Payment

A. Applications for Payment, Progress Payments and Certificates for Payment

The Contractor shall prepare and submit to the Owner by the _____ day of each month an application for payment, in the form approved by the Owner ("**Application for Payment**") reflecting the percentage of completion of the Work and, if a schedule of values was required by the Owner, consistent with the schedule of values approved by the Owner. Each Application for Payment shall be submitted along with all required Supporting Documents (as described in Section VIII.C.).

Pursuant to the Owner's review of each Application for Payment, the Owner will approve the amount determined by the Owner to be due to the Contractor under such Application for Payment (the "**Approved Amount**"). To the extent that the Owner rejects any portion of an Application for Payment, the Owner shall provide the Contractor with an explanation for such rejection.

The Owner will make payment to the Contractor of the Approved Amount within Forty-Five (45) days after Owner's receipt of the subject Application for Payment and all required Supporting Documents.

The Contractor shall pay each subcontractor, no later than seven (7) days after receipt of payment from the Owner, the amount to which the subcontractor is entitled, reflecting percentages actually retained from payments to the Contractor on account of the subcontractor's portion of the Work. The Contractor shall include in all of its subcontract agreements with its subcontractors a requirement that the subcontractors pay any amounts due any sub-subcontractors or suppliers no later than seven (7) days after the subcontractor receives a payment from the Contractor which encompasses labor performed or materials furnished by such sub-subcontractor or supplier. Retainage withheld by the Contractor shall not exceed five percent (5%).

B. Final Payment

Final payment, constituting the entire unpaid balance of the Contract Sum (including retainage), shall be made by the Owner to the Contractor when (i) the Owner agrees that final completion of the entirety of the Work (including without limitation, all Punchlist Items) has been achieved in accordance with the Contract Documents except for the Contractor's

responsibility to correct Work as provided in Article XVII of this Contract, and to satisfy other requirements, if any, which extend beyond final payment; and (ii) all equipment manuals and warranties applicable to the Work have been delivered to the Owner. The foregoing agreement by the Owner that final completion of the Work has been achieved shall not constitute acceptance by the Owner of any part of the Work that does not comply with the Contract Documents.

At the Owner's request, the Contractor shall also furnish to the Owner prior to final payment such additional information as required by the Owner to substantiate Contractor's entitlement to payment.

The Owner will make final payment under this Contract, including unpaid retainage, within forty-five (45) days after the Owner's receipt of the final Application for Payment and all required Supporting Documents for the Project.

C. Supporting Documents

The Supporting Documents shall include, without limitation, commencing with the first Application for Payment as to the Contractor, and commencing with the second Application for Payment as to subcontractors, and continuing in each case with each Application for Payment submitted thereafter, a properly executed release and waiver of mechanics liens from the Contractor and from each subcontractor and supplier whose Work was included on the previous Application for Payment for which payment by Owner was made to the Contractor. The Contractor expressly undertakes to indemnify, hold harmless and defend the Owner, at the Contractor's sole cost and expense, against any actions, lawsuits, or proceedings brought against Owner as a result of liens filed against the Work, the Project site and any improvements thereon (referred to collectively as "**Liens**"), by the Contractor, any Responsible Party or anyone claiming by, through or under any of them. The Contractor's obligations under this paragraph are conditioned upon Owner having fulfilled its payment obligations to the Contractor with respect to the Work that is the subject of the Lien or claim and for which indemnification is sought.

IX. Retainage

The Owner shall withhold from each monthly progress payment retainage in the amount of five percent (5.0%) of such monthly payment.

X. Late Payments/Interest

Payments not made by Owner to the Contractor when due shall only incur interest to the extent required by Connecticut law and if so required at the minimum required rate. The Contractor's claim for nonpayment shall be in writing and delivered to the Owner by certified or registered mail.

XI. Permits and Surveys

The Owner shall obtain and furnish all necessary surveys describing the physical characteristics of the Property, the location of all utilities, and the location of all easements on the Property that are necessary to allow the Contractor to perform its obligations under the Contract Documents. If additional easements are necessary to complete the construction of the Project, the Owner shall promptly obtain those easements.

The Contractor shall be responsible for obtaining all building permits, licenses, building inspections and approvals required by law.

XII. Change Orders

The Contractor shall not make any changes in the Work required under this Contract except as ordered by the Owner in writing (a "Construction Change Directive") or pursuant to a written agreement signed by both the Contractor and the Owner that states with specificity (i) the changes in the Work; (ii) any associated adjustment in the Contract Sum; and (iii) as applicable, the number of days that the Contract Time is extended to accommodate the changes in the Work (a "Change

Order"). If the Owner issues a Construction Change Directive and the Contractor does not agree to the terms set forth therein, or, if the parties cannot agree on the terms of a Change Order, the Contractor shall in either case perform the changes in the Work as requested by the Owner and shall have the right to submit a claim pursuant to Article XIX of this Contract.

XIII. Subcontractors

The Contractor shall enter into an appropriate written subcontract agreement with each subcontractor performing any component of the Work. By such written subcontract agreement, the Contractor shall require each subcontractor, to the extent of the Work to be performed by the subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the subcontractor's Work, which the Contractor, by the Contract Documents, assumes toward the Owner. Each subcontract agreement shall preserve and protect the rights of the Owner under the Contract Documents with respect to the Work to be performed by the subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. The Contractor shall be fully responsible for the coordination and timely completion of the Work in accordance with the Contract Documents, whether performed by or for the Contractor or subcontractors of any tier. The Contractor shall also have sole responsibility for the means, methods, techniques, sequences and procedures for all portions of the Work.

XIV. Insurance and Indemnity

The Owner and the Contractor shall maintain insurance as required under Exhibit B attached hereto and made a part hereof.

To the fullest extent permitted by law, the Contractor shall indemnify, defend and hold harmless the Owner, the Town of Bethany, and their respective agents, officials, board members, representatives and employees from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Contractor or any Responsible Party; provided however that such indemnity obligations shall not include liability for damage arising out of bodily injury to person or damage to property caused by or resulting from the negligence of the indemnitee, or such indemnitee's agents or employees. The foregoing indemnity shall include, without limitation, claims, damages, losses and expenses associated with the failure of the Contractor or any Responsible Party to properly handle, remove or dispose of toxic materials, chemicals, hazardous materials or hazardous substances.

XV. Access to the Property Site

The Owner shall have access to the Property and the right to inspect the Work at any time with or without the presence of the Contractor.

XVI. Inspection, Acceptance, Final Payment and Possession

The Owner or its consultant will inspect the Work and determine the times of Substantial Completion and Final Completion as appropriate. At the inspection for the purposes of determining substantial completion, the Owner and the Contractor will prepare, date and sign a list (the "Punchlist") that identifies any incomplete Work or deficiencies in the quality of the Work or materials (the "Punchlist Items"). Unless the Owner and the Contractor agree to a shorter time frame, the Contractor shall, within thirty (30) days thereafter, complete and correct all Punchlist Items.

XVII. Warranties

The Contractor warrants to the Owner that: (1) materials and equipment furnished by the Contractor will be new and of good and workmanlike quality unless otherwise required or permitted by the

Contact Documents; (2) the Work performed under the Contract Documents will be free from defects; and (3) the Work performed under the Contract Documents will conform to the requirements of the Contract Documents. The warranties under this Article XVII shall be in addition to, and not a substitute for, any other rights of the Owner under the Contract Documents or existing in law or equity.

XVIII. Correction of Work

In addition, all other obligations of the Contractor under the Contract Documents, the Contractor shall, upon request of the Owner, prior to Substantial Completion and for a period of 1 year after Substantial Completion of the Project is achieved, correct Work not conforming to the requirements of the Contract Documents.

XIX. Owner's Right to Stop the Work, Carry Out the Work and Termination

A. Owner's Right to Stop the Work and Carry Out the Work

If the Contractor fails to correct Work which is not in accordance with the Contract Documents, the Owner may direct the Contractor in writing to stop the Work until the correction is made. This right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity.

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a seven (7) day period after receipt of written notice from the Owner to commence and continue correction of such default or neglect and deficiencies in the Work arising therefrom with diligence and promptness, the Owner may, without prejudice to other remedies, address such default or neglect and correct such deficiencies. In such case, the Contract Sum shall be adjusted to deduct the associated costs incurred by the Owner from payments due the Contractor. Any dispute regarding defective work shall be resolved as provided in Article XX of this Contract.

B. Termination by the Owner

The Owner may terminate this Contract if the Contractor:

1. Repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
2. fails to make payment to subcontractors for materials or labor in accordance with the respective agreement between the Contractor and the subcontractor;
3. persistently disregards laws, ordinances or rules regulation or orders of a public authority having jurisdiction; or
4. otherwise substantially breaches the terms of this Contract.

If one of the above reasons for termination exists, the Owner may, upon seven (7) days prior written notice to the Contractor, terminate this Contract and may thereafter take possession of the Project and all materials thereon and finish the Work of the Contractor on the Project by whatever method the Owner deems expedient. If the cost to the Owner of completing the Work of the Contractor exceeds the unpaid balance of the Contract Sum, the Contractor shall pay the difference to the Owner. If the unpaid balance of the Contract Sum exceeds the cost to the Owner of completing such Work, the excess shall be retained by the Owner. This obligation for payment shall survive termination of the Contract.

The Owner may also, at any time, terminate this Contract for convenience upon seven (7) days' notice to the Contractor, in which case the Contractor shall be entitled to receive payment for all Work executed in accordance with the Contract Documents along with Contractor's direct costs incurred by reason of the termination.

C. By the Contractor

If the Owner repeatedly fails to make payment of approved amounts as provided in Article VII for a period of 30 days beyond the due date for such payment, or if the Work is stopped by public authority for 60 consecutive days or by deliberate act of the Owner not due to the fault of the Contractor or any Responsible Party for 60 consecutive days, the Contractor may, upon 7 additional days' written notice to the Owner and Architect, terminate the Contract and recover from the Owner payment for Work executed in accordance with the Contract Documents and direct costs incurred by reason of such termination. This obligation for payment shall survive termination of the Contract. The notice of termination must state with specificity the means by which the Owner may cure its nonperformance, and the Contractor shall not terminate this Agreement if, within the applicable seven (7) day period, the Owner substantially takes such curative measures.

XX. Disputes

Claims, disputes and other matters in question arising out of or relating to this Contract, shall be submitted to mediation to be conducted in accordance with the Construction Industry Arbitration Rules and Mediation Procedures of the American Arbitration Association ("AAA Rules") then in effect as a condition precedent to binding dispute resolution. Pending final resolution of a claim, the Contractor shall proceed diligently with the performance of its obligations under the Contract Documents and the Owner shall continue to make payments in accordance with the Contract Documents.

For any claim, subject to, but not resolved by, mediation, the method of binding dispute resolution shall be:

- ☐ **Litigation** in a court of competent jurisdiction.
- ☐ **Arbitration** which, unless the parties mutually agree otherwise, shall be administered in accordance with the AAA Rules. Demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

XXI. Notice

Where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the receiving party's designated representative identified on page 1 of this Contract. Such notice shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic mail except in the case of a notice of a claim or notice of termination which shall be delivered by certified or registered mail, or by courier providing proof of delivery.

XXII. Amendment and Modifications

This Contract may only be amended or modified by a written amendment or Change Order signed by both the Owner and the Contractor.

XXIII. The Governing Law, Assignment and Miscellaneous Provisions

This Contract will be construed, interpreted, and applied according to the laws of the State of Connecticut. This Contract shall not be assigned without the prior written consent of the Owner and the Contractor. This Contract shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors and assigns. The Contract Documents contain the entire agreement between the parties hereto with respect to the subject matter contemplated herein.
