This year, 9/11 is on a Sunday. So, we are scheduled to do the annual flag-raising event on Friday, Sep. 9 at 8 am in front of the school around the flag pole. We don't require any outside support from the school. We just want to occupy the front grassy area around the flagpole. The ceremony will last about 30 minutes.

The ceremony is open to the public. Teachers and students with a zero period are also welcome to witness the ceremony. Of course, administrators are welcome as well.

We will play the taps, a moment of silence, a brief history of what happened during the tragic event, and prayer led by the cadets of Littlerock HS.
