For 4th & 5th Grade Parents

Student Apple ID

Family Managed Apple ID for Students Under 13

From our Website:

There is more information about creating the Student Apple ID on the Maclay website.

"You need to create an Apple ID for a child. Students in grade levels participating in our iPad one to one program are required to have an Apple ID for a child under the age of 13. This is a special Apple ID that Apple has for anyone under 13. Apple will only allow this Child Apple ID to be created as part of their Family Sharing. This means you first need an Apple ID as a parent, then within Apple Family Sharing, you can create an Apple ID for a Child.

Note: An Apple ID for a child can only be created as an @icloud.com address."

(https://www.maclay.org/parents/technology)

Parental Controls on the iPad

Screen Time Settings

What can Parental Controls (Screen Time) do?

- Set time limits for iPad usage (Downtime)
- Set time limits for specific apps
- Limit student's communication
- Restrict access to apps
- Set content & privacy restrictions
- Limit access to specific websites
- Prevent Purchases and Downloads
- Manage in-app purchases

There is also an "Ask to Buy" option for apps which is managed through your Apple ID settings instead of Screen Time.

You can also get a snapshot of how much time your child is spending on certain apps or activities while using their iPad.

How to Set Up Screen Time

Is This iPhone for Yourself or Your Child?

Screen Time for a child's iPhone lets you set up additional parental controls.

If this is your first time setting up Screen Time...It will look like this.

Communication Safety is a new feature. The primary goal is to protect your child from sensitive information in their communication.

This allows you to set apps that are always allowed and are exempted from downtime and app limit.

Turning on "Include Website Data" tracks your child's website usage. You can view this on the "All Devices" Screen.

Here is how you access the "Ask to Buy" feature.

Approve Kids' Purchases and Downloads

Give kids the freedom to make their own choices, while still controlling their spending.

When a child initiates a new purchase or free download, Ask to Buy allows parents to approve or decline the request.

Turn On Ask to Buy

Schoology

Our Web Based Learning Management System

Accessing Schoology

There are two different ways to access Schoology depending on whether you are logging in as a parent or as a student. As a parent, you "view" your student's page, but you are not able to change or edit anything.

• Parent Website: <u>www.schoology.com</u>

- To access your Schoology parent account, please go to: <u>www.schoology.com</u>
 - your username is: {{Email from FACTS Email #1}}
 - if this is the first time accessing the account, or you are unsure of password, please select forgot password and it will email you a reset link.
- Once logged into Schoology you can select your child's name from the profile icon in upper right corner.
- If using the smart phone app, please select 'Login through <u>www.schoology.com</u>' (Not Maclay School this is for students only).
 - Then in the app, tap menu icon and select 'My children'
- Student Website: <u>www.maclay.org/schoology</u>
 - Students also have their own username & password that is used to login to their account.

Schoology Home Page

This is the first screen you see when you login to Schoology. Here you can see any upcoming events or assignments. You can also navigate to either the Calendar view or the Courses page to see more information.

Calendar View

This shows any events or assignments that teachers have added on a specific date. The calendar is a great way to track assignment due dates and the dates of quizzes and tests. You should also be able to view class newsletters that are posted each Friday.

O You are viewing as Elizabeth Holland

<u>ــــــــــــــــــــــــــــــــــــ</u>	Calendar										
	 ▲ Today 	October 2021				Mon	th Week Day				
	Sun	Mon	Tue	Wed	Thu	Fri	Sat				
	26 27		28 Road 15 20 minutes daily/ 4 day	29 rs minimum par week. Fill out rs	30	1	2				
			Read 13-20 minutes daily/ 4 da	Current Event Mars Rover	Mod 2 Topic A Quiz 11:59 pm	Grammar Quiz: Complex					
				11:59 pm		Sentences					

When you click on an assignment on the calendar, a pop-up screen will appear with any additional information that the teacher has included.

Courses

When you click on the "Course" link at the top of the page, this takes you to the list of courses your student is enrolled in. Each course has its own page that you can access from here.

Individual Course Page

Each teacher customizes the information on their subject's page to meet the needs of that subject. Usually, you will additional information is here that does not appear on the calendar view.

Thank You!

Lauren Holland Iholland@maclay.org
