

COVID Information

UK Trips

a) Whilst we hope that your child will enjoy the trip it is necessary to inform you that the following remain in place with the School's insurance policy.

- Prior to the trip departing, should your child test positive or have to isolate as a result of COVID the insurers will only consider a claim and any refund is not guaranteed.

b) If your child tests positive on the trip you will be asked to collect them from the venue as soon as possible to minimise further infections. Staff will supervise isolation until such time that you are able to collect them.

Trips abroad

Group claims

Each trip has travel insurance with the individual tour operators and in the event of travel being denied, either by the UK Government or the Department for Education, in the first instance they will look to reschedule. If this is not possible or your child is unable to attend the rescheduled tour then a claim can be made to the tour operator under their insurance policy. This also applies if the destination closes all borders to UK travellers.

Individual claims

- Prior to the trip departing, should your child test positive or have to isolate as a result of COVID a claim can be made to the tour operator for a refund.
- If your child tests positive on the tour then the tour operator will cover costs of isolation and repatriation.

All claims must be made directly to the tour operator and not via the school.

Full insurance policies are available from the tour leader if you require further information.
