

Guest Users – Connect to Avon Wi-Fi – Directions for iPhone

Select **Avon-Guest** from your Wi-Fi list

(ON IPHONE) Once connected, click the “i” in the blue circle, and turn off **Private Wi-Fi Address** and **Limit IP Address Tracking**

Open a browser window. You might need to enter a couple random web addresses like cnn.com or espn.com, but the Guest Portal page will pop up eventually. If it is the first time, click **“or register for guest access.”** This will have to happen once per day.

If returning on the same day, enter the username (cell phone number) and password that was sent to you.
