

Oxnard High PTSA

RE: Staff Requests for Site Improvements

Oxnard High School Staff

Oxnard High PTSA has always found that, here at Oxnard High School, all staff work diligently to look for new and innovative ways to enhance the educational experience for the students. Sometimes those ideas require funding that cannot always be provided by school administration. So, in the interest of supporting staff in their endeavor to provide the best learning environment for students at Oxnard High School, PTSA has budgeted for Site Improvements for the 2022-23 school year. Staff members, who are paid PTSA members for 2022-23, are encouraged to apply for these funds.

Successful requests will be for projects, activities, books, equipment, or anything else that will serve to benefit the academic lives of our students here at Oxnard High School. Proposals should include how many students will benefit, as our focus is on serving the broadest student population possible.

In prior years, PTSA has provided funds for: stools for the school library; books for a Project LIT book club; tables, lighting and artwork to enhance the culinary art department's hospitality area; and seed money for a salsa garden, to name just a few. This year, PTSA has budgeted up to \$3000 to grant funds for Site Improvement requests from staff.

PTSA has created a [Form](#) for staff to apply for these funds. Once the form has been submitted, PTSA will contact that staff member to arrange for the member to attend a PTSA Executive Board meeting to present the proposal and to answer any questions about the request. PTSA will decide

whether the PTSA is able to grant the request and will notify the staff member of its decision.

Please do not hesitate to reach out to us at oxnardhighschoolptsa@gmail.com if you have any questions. To join PTSA, go to the link here: <https://jointotem.com/ca/oxnard/oxnard-high-ptsa>. We look forward to a great school year and the ability to fund some great Site Improvement requests!
