

Franconia Elementary Construction Update

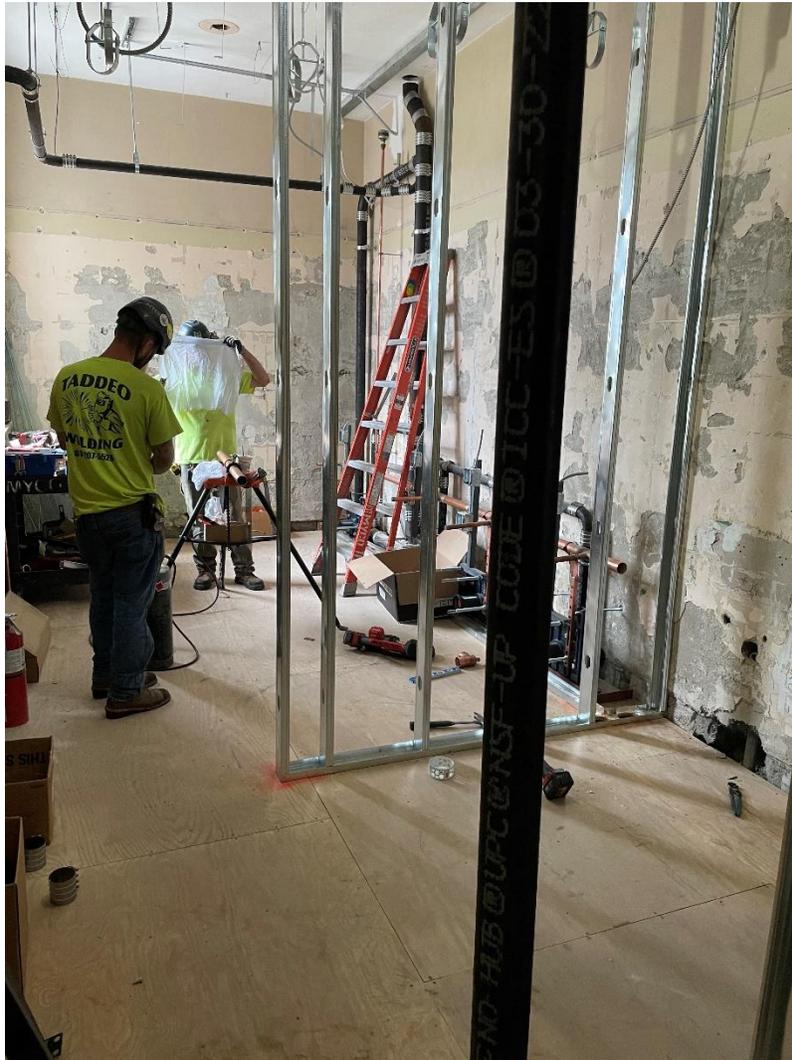

September 7, 2022

Our first week of school was a success. It was wonderful seeing our students and hearing about their summer plans and the books that they have read. A lot of progress has been made with our renovation project. Throughout the school year, I will continue to send you updates and pictures of our building. Below, you will see some pictures of our ongoing renovations.

Our classrooms are receiving new flooring, walls, and lighting.

Our bathrooms on the second floor are receiving new walls, flooring, lighting, and plumbing.

Parents, I look forward to seeing you tomorrow, September 8th, at our Back to School Night. I will also see you on Friday, September 9th at our Back to School Picnic.

In Partnership,

Laura Heineck, Ed.D.

Principal
