NAVIGATING SUCCESS

NAVIGATING SUCCESS

Set in 200 acres of stunning Suffolk countryside overlooking the Stour Estuary and within an hour of London, the Royal Hospital School is a leading co-educational boarding and day school for 11-18 year olds, providing a full and broad education, fit for the modern world.

Pupils join RHS from all over the world to take advantage of our excellent boarding provision, including many from Naval families. Founded in 1712 in Greenwich to provide education for Naval children, the school moved to Suffolk in 1933, and has continued to grow in size and reputation to become one of East Anglia's leading independent schools.

We fully understand the unique needs of our Naval family children, and they are highly valued as members of our full boarding community.

We believe it is our role to navigate pupils through their critical and formative years, ensuring their education becomes the foundation for lifelong happiness and success. Great importance is placed on balancing academic work with interests outside the classroom and every pupil is encouraged to become fully involved in school life, to challenge themselves and to try something new. With Saturday school and an active weekend programme, our pupils have plenty of time to explore all the opportunities on offer.

“ *RHS is an exceptional school, and has been absolutely the right place for our children. The site, the quality of teaching, the ethos and the opportunities offered combine to make up a unique experience which is hard to beat.* **”**

RHS PARENT

NAVIGATING SUCCESS

“ RHS understands the needs of Naval families and the emotional support required. Our children are so happy to be part of the school boarding community and are fully stimulated both in and out of the classroom. ”

RHS PARENT

“ Whilst our son may not go on to a career in the military, the skills he is learning through taking part in CCF are hugely important and transferable to the modern world. ”

RHS PARENT

“One thing I really appreciate about RHS is the range of opportunities available; it has allowed me to find new passions to pursue and helped me to manage my time efficiently, two things which I will surely value in the future.”

MOD CONTINUITY OF EDUCATION ALLOWANCE (CEA)

Forces families in receipt of the MOD CEA are offered a discounted full boarding fee, which allows for their children to access an RHS education.

The MOD insists that eligible personnel make a minimum contribution of 10% towards the school fees, but they will not fund more than the maximum amount that they set each year. As boarding school fees are generally far above this figure, RHS sets the fees for eligible families so that the minimum parental contribution permissible under MOD CEA rules applies.

| FEES 2022/23* | Years 9-13 £ | Years 7-8 £ |
|---|-----------------|----------------|
| Normal boarding fee | 37,614 | 29,211 |
| Discount | -10,596 | -2,193 |
| Discounted fee for those eligible for CEA | 27,018 | 27,018 |
| How is this funded? | | |
| Maximum MOD CEA award for 2022/23 | 24,141 | 24,141 |
| Parental contribution | | |
| per annum | 2,877 | 2,877 |
| per term | 959 | 959 |

GREENWICH HOSPITAL BURSARIES

We are proud of our historic links with the Royal Navy, Royal Marines and Royal Fleet Auxiliary. This is why we offer generous bursaries supported by Greenwich Hospital, our parent charity, for children of serving or retired officers and ratings who are not eligible for CEA. These bursaries are means-tested and, depending on the applicant’s circumstances, can cover up to 95% of the fees.

TRANSPORT

We offer transfers to and from all the main London airports (Gatwick, Heathrow, Stansted and Luton), and Ipswich and Manningtree train stations (both with direct lines to London). A Portsmouth bus can also be arranged for boarding pupils on the first and last day of each term and half term, subject to demand.
