# RENZULLI'S 3-RING MODEL

# NEW JERSEY DEFINITION

The regulations define gifted and talented students as:

*Those students who possess or demonstrate high levels of ability, in one or more content areas, **when compared to their chronological peers in the local district** and who require modification of their educational program if they are to achieve in accordance with their capabilities.*

# Traits of Giftedness

Cognitive	Creative	Affective	Behavioral
Keen power of abstraction	Creativeness and inventiveness	Unusual emotional depth and intensity	Spontaneity
Interest in problem-solving and applying concepts	Keen sense of humor	Sensitivity or empathy to the feelings of others	Boundless enthusiasm
Voracious and early reader	Ability for fantasy	High expectations of self and others, often leading to feelings of frustration	Intensely focused on passions—resists changing activities when engrossed in own interests
Large vocabulary	Openness to stimuli, wide interests	Heightened self-awareness, accompanied by feelings of being different	Highly energetic—needs little sleep or down time
Intellectual curiosity	Intuitiveness	Easily wounded, need for emotional support	Constantly questions
Power of critical thinking, skepticism, self-criticism	Flexibility	Need for consistency between abstract values and personal actions	Insatiable curiosity
Persistent, goal-directed behavior	Independence in attitude and social behavior	Advanced levels of moral judgment	Impulsive, eager and spirited
Independence in work and study	Self-acceptance and unconcern for social norms	Idealism and sense of justice	Perseverance—strong determination in areas of importance
Diversity of interests and abilities	Radicalism		High levels of frustration—particularly when having difficulty meeting standards of performance (either imposed by self or others)
	Aesthetic and moral commitment to self-selected work		Volatile temper, especially related to perceptions of failure
			Non-stop talking/chattering

of students in each grade level

# Talented and Gifted Identification Procedure (Continued)

If student is identified, parents will receive letter of notification.

TAG teacher notifies principal and classroom teachers of placements.

If placed, students attend weekly TAG classes.

If student is not identified, parents will receive letter of notification.

TAG teacher notifies principal and classroom teachers of placements.

If not placed, procedure ends. Students may be nominated again the following year.

# ANSWERS TO F.A.Q.

## HOW ARE STUDENTS IDENTIFIED AS GIFTED AND TALENTED?

- In the state of New Jersey, there are no state-mandated criteria. However, local school districts must use multiple measures to evaluate students.

## WHAT IS MEANT BY “MULTIPLE MEASURES” AND WHY ARE THEY IMPORTANT?

- Multiple measures are different evaluative tools (such as test scores, work samples, and rating scales) that can be used to see a child's potential giftedness. It is important to use multiple measures, rather than a single test score, because doing so provides a better picture of the child's areas of strength. The use of multiple measures also provides more than one avenue for children who do not typically perform well on academic achievement tests.

# ANSWERS TO F.A.Q.

## WILL PARTICIPATION IN ANOTHER STATE OR DISTRICT'S GT PROGRAM QUALIFY A CHILD FOR TAG IN SAYREVILLE?

- Because each district's identification criteria are different, and students are compared to their peers within the district, an out-of-district evaluation will not be honored. However, students new to the district may be reevaluated using the district criteria at the end of the current school year.

## WHAT KINDS OF SERVICES ARE PROVIDED TO GIFTED STUDENTS WITHIN THE DISTRICT?

- Our district provides push-in enrichment lessons for all students in grades 2 and 3. A pull-out program is provided for identified third through eighth graders. At the high school level, students may choose to pursue their interests and/or strengths through various accelerated course offerings.

# ANSWERS TO F.A.Q.

## WHAT DOES THE TERM “TWICE EXCEPTIONAL” MEAN?

- Students who are twice exceptional may have learning disabilities that mask their giftedness. These students may receive both special education services and gifted programming as a part of their curriculum.

## MUST A GIFTED CHILD EARN GOOD GRADES?

- While school performance is one indicator of a child's abilities, there are many gifted children who underachieve. Poor grades and giftedness are not mutually exclusive. However, to remain in the district TAG program, students must fulfill all regular classroom responsibilities and complete all assignments.
