

Central - Cafeteria Kitchen/Serving Lines

The new cafeteria had its trial meal as breakfast was served to school staff on Sept. 1. Furnishings are in and equipment is up and running. Pepper Construction is working their way out of the space and intends to vacate by end of day Sept. 2.

Central - Center for Technology Education

Electrical and mechanical work is being finalized in the space as final coats of paint are applied to corridors. Buildings and grounds have placed the new equipment, and furnishings are being delivered and staged. Electricians are anticipated to continue work in the space into the first week of school to hook up new equipment.

Central - Library Renovation

Overhead work is complete. New furnishings are being installed, and new shelving is being assembled. The Circulation Desk is installed.

South - Auditorium

The auditorium is complete and was used for the staff assembly on Sept. 1.

South - Center for Technology Education

Building & Grounds has brought the new equipment into the space. New furnishings and storage are being installed in preparation for Tuesday's start of classes.

South - Student Services Renovation

Student Services is complete and turned over to staff. Counselors and administrators are personalizing their offices and settling in for the new school year.

South - Pool Expansion

Illinois Department of Public Health approved the final step of the permitting process early this week. The pool is complete and in use by South's athletes.
