

To: Seneca Falls Board of Education
From: Amanda Fleig-MA Library Media Specialist
Subject: Collection Development and Weeding
Date: September 7, 2022

The week of August 22, 2022, Kate Hammill and Ryans Ayers from School Library System at Wayne Finger Lakes BOCES, partnered to reorganize and update the Mynderse Academy Library. The week consisted of deselecting books, repurposing shelving and rearranging furniture to maximize the utilization of space for students' varied needs within the library space. The Mynderse Academy Library has been purposed to be the hub of the school.

The process of deselecting books/weeding is to ensure:

- Materials and resources are available and up to date for students and staff.
- Books available to students are appropriate, accurate and support the curriculum.
- Space is created for new and relevant resources and functions.
- It's impossible to advocate accurately for necessary resources if the library collection is cluttered with outdated materials. As a Library Media Specialist, I want to ensure the resources that are provided are supporting students' interests and academic needs.

Please note when reading over the deselected book list, "Acquired" is the date when the collection was transferred over from Mandarin to Follet Library System, which indicates 2019. This is not the date of purchase, rather the date of the system transfer.

Jodie Verkey
Director of Curriculum, Instruction, Assessment & Professional Development
Seneca Falls CSD
