

## FUNCTIONAL BEHAVIOR ASSESSMENT CONSENT FORM

Dear Parent or Guardian:

Based on recommendations from teachers, counselors, and/or administrators, we feel that your child, \_\_\_\_\_, may benefit from a functional behavior assessment.

A functional behavior assessment is a process used to gather information about a student and his/her behavior by conducting informal and discrete observations at school. Information may be collected from you, the teacher, and the student regarding his/her behavior. This information will be helpful in planning strategies to help your child be more successful at school.

We are pleased to have this opportunity to provide your child with additional help. If you have questions, feel free to contact your child's classroom teacher.
