Instructions:

- Pupils should refer to their core teaching set (the class they are in for English, Maths and RE).
- Pupils get 4 Maths and 4 English homework's a fortnight and 1 homework for RE.
- The letters refer to subject groups as per your timetable. For these subjects you are allocated 3 homework's per fortnight.
- At this stage of education pupils should be aware that staff may require some flexibility to meet course requirements, controlled assessment and coursework deadlines. There may be times when staff do not set work. It is important that pupils take ownership of their learning and use whatever time they have to consolidate their learning at home. 2 hours is the minimum time recommended to be spent each evening on your studies.
