Kids have been bullying each other for generations. The latest generation, however, has been able to utilize technology to expand their reach and the intensity of their harm. This phenomenon is being called *cyberbullying*, defined as: “*willful and repeated harm inflicted through the use of computers, cell phones, and other electronic devices.*” Children & adolescents are using cell phones, computers, and other technology to bully, harass, intimidate & traumatize their peers.

Dr. Jan McGee, an Educator & Principal for over 32 years & a national & state presenter on Bullying, Cyberbullying, Conflict Resolution, Peer Mediation & positive, Safe & Healthy Schools will present the latest research & practical information on **Internet Safety & Cyberbullying**.
