Commitments and Strategies

After completing the Student Interviews, discussing the Equity Self-Reflection, and reviewing recent data, including survey data, school teams should discuss what was learned and then review the document “[How Learning Happens](#),” particularly page 3. Then the team should ask, “**What should we prioritize to support our students and work toward the school we wish to be?**”

The team should take the answers to this question and identify 2 to 4 commitments for the 2021-22 school year. For each commitment, the team will identify strategies that will advance these commitments.

School teams have a lot of flexibility when selecting the commitments that are identified. There is no requirement that commitments must align with specific subject areas, as was required in the past. Any of the full statements that appear on page 3 of the [How Learning Happens](#) framework, such as “*Every child can see themselves reflected in teachers, leaders, curriculum, and learning materials*” could serve as a commitment. To be meaningful, it is important that the commitments be informed by the Student Interviews, Equity Self-Reflection, and review of recent data, and the commitments should connect to the school’s values and aspirations.

After school teams identify their commitments, they should consider strategies that will allow the school to advance that commitment. School teams will need to identify how they will gauge success with this strategy, what the strategy entails, and any resources that are necessary to implement that strategy.

COMMITMENT I

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We will commit to strengthening our school-wide AVID implementation.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school's vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school's long-term plans?</i> 	<p>As a school community, we recognize the importance of ensuring our students receive the necessary tools to be college and/or career ready. AVID implementation will strength student engagement as we strive to close the achievement gap.</p> <p>The qualitative data furnished by the student survey revealed students did not find school and enjoyable experience. Instead, students view school as a place they must attend (compliance) versus viewing school as a structure which will support them in actualizing their personal and professional hope and dreams. This commitment is influenced by student surveys as one of the resounding themes was that the students want to have fun and enjoy school. They expressed school can be both- educational and fun.</p> <p>This commitment is directly aligned to Columbus' vision and mission statement which therefore would support a seamless implementation. Ultimately our steadfast commitment and/or goal is to equip students with the necessary tools to emerge into critical thinkers who are prepared to compete in a global society.</p>

Key Strategies and Resources

STRATEGY	METHODS	GAUGING SUCCESS	RESOURCES
What strategies will we pursue as part of this commitment?	What does this strategy entail?	How will we know if this strategy is making a difference? Include points that will occur during the year that will be helpful in gauging success.	What resources (Schedule, Space, Money, Processes, Individuals) are necessary to support these strategies?
Monthly PD	Staff will receive PD on a specific AVID strategy during our monthly staff meetings.	Administrative walkthroughs and observations will gauge implementation of AVID strategies.	Scheduling, Training
Quarterly AVID Assessments	AVID assessments will be built into the assessment calendar. The results will be reviewed, discussed, and analyzed with the leadership team to determine next steps.	Completion of AVID assessments as a building-wide initiative. Tracking of the completion rate and assessment results.	Lead Teacher and/or grade level chairs
Vertical curriculum alignment	Each grade level chair will identify power/anchor standards for a specific grade level and will collaboratively plan backward design units of study. Through the use of an interactive document (Office 365) teachers will populate the identified standards as a shared- working document.	Review of the revised building-wide curriculum maps. Review of weekly/bi-weekly student assessments which will be directly aligned to the power standards.	Curriculum guides, Next Generation standards, ASCD backward design templates.

Commitment 1

<p>Administrative Monitoring</p>	<p>During walkthroughs and/or formal announced/un-announced observations, the administrative team will reference a checklist which will list research-based (AVID) strategies.</p> <p>The data will be shared with the staff during monthly curriculum meetings and a tiered action plan will be created to support</p>	<p>During weekly administrative meetings, the data associated with the checklist will be reviewed and analyzed to determine instructional next steps.</p>	<p>Administrative time will be scheduled using methods aligned to The Breakthrough Coach.</p>
<p>Infusion of culturally relevant texts</p>	<p>An inventory team will be assembled create a catalogue of all culturally relevant text titles on-site. Based on the inventory results, purchase orders will be made to receive additional books.</p> <p>Teachers will infuse the texts within their planning cycles to ensure congruency and relevance.</p>	<p>Teachers will review the available titles with students and come to consensus which novel studies they would like to complete for the academic year.</p>	<p>Inventory team, purchasing additional text(if required)</p> <p>UbD planning templates.</p>

End-of-the-Year Desired Outcomes

School teams are invited to consider if the belief statements shared below connect to this commitment. Since each commitment is unique, school teams should decide how progress about this commitment might be noted. If the team’s answer to a “we believe” prompt is no, that section should be left blank.

We believe these survey responses will give us good feedback about our progress with this commitment:

	Survey Question(s) or Statement(s)	Desired response (e.g. % agree or strongly agree)
Student Survey	<p>I learn about the achievements of people who reflect my cultural background.</p> <p>I learn about many races, cultures, religions and genders in texts we read in school.</p> <p>I think the teachers know who I am as a student/person.</p>	65% for all
Staff Survey	<p>I have the resources to link the strategies, content and materials from previous grades to the current grade.</p> <p>I have opportunities to participate in PD from colleagues and to lead professional development.</p> <p>I received timely feedback from administrators.</p>	65% for all
Family Survey	<p>I feel comfortable supporting my child in ELA (reading and writing) at home.</p> <p>The school recognizes and values the backgrounds of the learning community</p> <p>The school’s vision and mission statements support inclusion and diversity.</p>	75% for all

Commitment 1

We believe having the following occur will give us good feedback about our progress with this commitment:

Quantitative data and/or qualitative descriptions of where we strive to be at the end of the 2021-22 school year.

Increase usage of culturally relevant texts in classroom libraries (K-8)

ELA iReady 65% at or above grade level

Math iReady 65% at or above grade level

AVID quarterly assessment 80% completion

COMMITMENT 2

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We will commit to the implementation of the RtI (Response to Intervention) blocks with fidelity.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school's vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school's long-term plans?</i> 	<p>In order to provide students with an educational experience which will give them the necessary tools to compete globally, we need to ensure students are performing at or approaching grade level standards.</p> <p>The master schedule will include dedicated RtI blocks to support ELA and math deficiencies. Although RtI blocks have been a staple in our master schedule, they are not being utilized as intended. Instead, they are being used to extend a lesson and/or for "busy" work.</p> <p>This commitment is essential as students require additional support to close the academic gaps which were present before and during the pandemic. The commitment is directly aligned to Columbus' mission/vision statements. As we continue to work diligently to reduce the achievement gaps, students advance towards meeting grade level expectations which will yield additional opportunities to expand enrichment and/or project-based learning.</p>

Key Strategies and Resources

STRATEGY	METHODS	GAUGING SUCCESS	RESOURCES
<p>What strategies will we pursue as part of this commitment?</p>	<p>What does this strategy entail?</p>	<p>How will we know if this strategy is making a difference? Include points that will occur during the year that will be helpful in gauging success.</p>	<p>What resources (Schedule, Space, Money, Processes, Individuals) are necessary to support these strategies?</p>
<p>Rtl monthly meetings</p>	<p>The Rtl meetings will be calendarized to ensure that we are tracking student progress.</p> <p>The school counselor will schedule meetings with the referring teacher and the parent to review the academic and/or behavioral concerns. During the meeting, a collaborative action plan inclusive of a follow-up date will be developed during the meeting to support the student.</p> <p>After all academic and/or behavioral support options are explored, the school psychologist will facilitate referrals to the CSE.</p>	<p>Teachers will be required to provide a follow-up report in 6-8 weeks after the research-based intervention is implemented with fidelity.</p> <p>Pre-post student assessment data will be analyzed to determine growth.</p>	<p>Scheduling, Rtl team members (stakeholder groups- Classroom teacher, school psychologist, reading teacher, math teacher, SPED teacher, administrator)</p>

School teams are invited to consider if the belief statements shared below connect to this commitment. Since each commitment is unique, school teams should decide how progress about this commitment might be noted. If the team's answer to a "we believe" prompt is no, that section should be left blank.

We believe these survey responses will give us good feedback about our progress with this commitment:

	Survey Question(s) or Statement(s)	Desired response (e.g. % agree or strongly agree)
Student Survey	<p>I am receiving additional help with my work/subject that I don't understand.</p> <p>The teacher is meeting with me individually or in a small group to assist me with my work.</p> <p>My teacher(s) are breaking things down in a way I can understand.</p>	65% for all
Staff Survey	<p>I am receiving PD to support the implementation of RtI with fidelity.</p> <p>I have an understanding of research-based strategies to support various levels of student proficiency.</p>	65% for all
Family Survey	<p>I understand the importance of RtI.</p> <p>I recognize the role I play to support my child in obtaining proficiency.</p>	65% for all

Commitment 2

We believe having the following occur will give us good feedback about our progress with this commitment:

Quantitative data and/or qualitative descriptions of where we strive to be at the end of the 2021-22 school year.

Reduction of the number of RtI referrals by 50%.

Administrative RtI checklist reveals implementation with 80% fidelity.

Triangulated assessment data denotes an increase in grade level proficiency rates by 65%.

COMMITMENT 3

This section can be deleted if the school does not have a third commitment.

Our Commitment

<p>What is one commitment we will promote for 2022-23?</p>	<p>We will continue to promote family and community engagement.</p>
<p>Why are we making this commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this commitment fit into the school's vision?</i> • <i>Why did this emerge as something to commit to?</i> • <i>In what ways is this commitment influenced by the "How Learning Happens" document? The Equity Self-Reflection? Student Interviews?</i> • <i>What makes this the right commitment to pursue?</i> • <i>How does this fit into other commitments and the school's long-term plans?</i> 	<p>We need to increase parent involvement to continue our efforts in building a relationship and commitment to the school and their child's/children educational plan.</p> <p>The more parents are involved in the learning process and connected to the school; the better equipped their student will be to compete in the global society.</p> <p>This emerged as something to commit to because parent involvement is still at a record low. Whether it's a PTA meeting, a Parent Teacher Conference, Meet & Greet, etc., the parent turnout is still very low.</p> <p>This is the right commitment because the education of students goes beyond the classroom and the school building.</p> <p>This fits because if parents are more involved, they can support AVID in the home by using the various strategies learned in the classroom. Also, when RTI meetings are conducted, parents get a closer look at their child's progress and or deficits in his/her learning. The recommendations and strategies presented at these meetings can be reinforced in the home with the support of the teacher and the RTI Team.</p>

Option 3: Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Directions: Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

Our Team's Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Requirements for Meaningful Stakeholder Participation" found at: <http://www.nysed.gov/common/nysed/files/programs/accountability/scep-requirements-stakeholder-participation.pdf> This section outlines how we worked together to develop our plan.

Team Members

Use the space below to identify the members of the SCEP team and their role (e.g. teacher, assistant principal, parent).

Name	Role
Dr. Colleen Seivright-Crawford	Principal
Alethia Bryan	Social Worker
Carlissa Burrell	Special Education Teacher
Lenora Harris-Shoulders	Media Specialist
Ninozca Herrera	Bilingual Teacher

Learning As A Team

Directions

After completing the previous sections, the team should complete the reflective prompts below.

Student Interviews

Describe how the Student Interview process informed the team's plan

The student interviews were extremely insightful. Although the team recognized that the pandemic would have a significant impact on students' social/emotional well-being, the interviews provided the team with specific examples of how we can best meet the needs of our students. To that end, the plan is reflective of opportunities for members of the learning community to educate our students via lessons which are engaging! The team naturally aligned our current work with AVID to support the students' resounding sentiment of wanting to enjoy school. In addition, the team's plan also incorporated an improvement to our RtI implementation as students also expressed they need more support with grasping academic concepts.

Equity Self-Reflection

Describe how the Equity Self-Reflection informed the team's plan

Submission Assurances, Instructions and Next Steps

Submission Assurances

Directions: Place an "X" in the box next to each item prior to submission.

1. The SCEP has been developed in consultation with parents, school staff, and others in accordance with [the NYSED Requirements for Meaningful Stakeholder Participation](#) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
2. The SCEP will be implemented no later than the beginning of the first day of regular student attendance.
3. Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.

Submission Instructions

CSI Schools: When your plan is ready for review, please share the plan with your NYSED liaison. Plans should be shared before July 30, 2022.

TSI Schools: When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2022-23 school year.

Next Steps

1. In addition to having their plan approved by NYSED, CSI Schools will need to make sure that their plan has been approved by the Superintendent and the Board of Education (in New York City, the Chancellor or the Chancellor's designee) before the first day of the 2022-23 school year.
2. The approved CSI and TSI plans will need to be posted on the District's website.
3. Both CSI and TSI schools will need to complete the **Leveraging Resources to Support the SCEP** document and provide the document to their District. This document will be incorporated into the District's DCIP Planning Document, which will inform the 2022-23 DCIP.
4. Schools should plan to begin implementing their plan by the first day of the 2022-23 school year. Schools should continually monitor their implementation and make adjustment to their plans when appropriate.
