School Leadership Team

SCHOOL LEADERSHIP TEAM: The SCEP must be developed in consultation with parents, school staff, and others pursuant to §100.11 of Commissioner's Regulations. Participants who are regularly involved in your district and school improvement initiatives, such as community organizations or institutes of higher education should be included. By signing below, stakeholders ascertain that, although they may not agree with all components of the plan, they have actively participated in the development and revision of the SCEP.

Instructions: List the stakeholders who participated in developing the SCEP as required by Commissioner's Regulations §100.18. Provide dates and locations of Local Stakeholder meetings. Boxes should be added as necessary.

SCEP Plan Overview

In this section, the district must describe the development of the plan, the degree to which the previous school year's SCEP was successfully implemented, overall improvement mission or guiding principles at the core of the strategy for executing the mission/guiding principles, the key design elements of the SCEP, and other unique characteristics of the plan (if any), and provide evidence of the district's capacity to effectively oversee and manage the improvement plan.

The SCEP must be made widely available through public means, such as posting on the Internet, by the district. The Overview will serve as the at-a-glance summary of how the district will use various funding sources to improve student achievement. A complete overview will address the following:

1. Rate the degree to which the School achieved the goals identified in the previous year's School Comprehensive Education Plan (Mark with an "X").

☐	Limited Degree (Fewer than 20% of goals were achieved.)
☐	Partial Degree (Fewer than 50% of goals were achieved.)
☒	Moderate Degree (At least 50% of goals were achieved.)
☐	Major Degree (At least 90% of goals were achieved.)

2. Rate the degree to which the School successfully implemented the activities identified in the previous year's SCEP (Mark with an "X").

☐	Limited Degree (Fewer than 20% of activities were carried out.)
☐	Partial Degree (Fewer than 50% of activities were carried out.)
☒	Moderate Degree (At least 50% of activities were carried out.)
☐	Major Degree (At least 90% of activities were carried out.)

3. Rate the degree to which the activities identified in the previous year's SCEP impacted academic achievement targets for identified subgroups (Mark with an "X").

☐	Limited Degree (No identified subgroups improved achievement.)
☐	Partial Degree (Some of the identified subgroups improved achievement.)
☒	Moderate Degree (A majority of identified subgroups improved achievement.)
☐	Major Degree (All identified subgroups improved achievement.)

4. Rate the degree to which the activities identified in the previous year's SCEP increased Parent Engagement (Mark with an "X").

☐	Limited Degree (There was no increase in the level of Parent Engagement.)
☐	Partial Degree (There was a minor increase in the level of Parent Engagement.)
☒	Moderate Degree (There was modest increase in the level of Parent Engagement.)
☐	Major Degree (There was a significant increase in the level of Parent Engagement.)

5. Rate the degree to which the activities identified in the previous year's SCEP received the funding necessary to achieve the corresponding goals (Mark with an "X").

☐	Limited Degree (Fewer than 20% of planned activities were funded.)
☐	Partial Degree (Fewer than 50% of planned activities were funded.)
☒	Moderate Degree (At least 50% of planned activities were funded.)
☐	Major Degree (At least 90% of planned activities were funded.)

6. Identify in which Tenet the school made the most growth during the previous year (Mark with an "X").

☐	Tenet 1: District Leadership and Capacity
☐	Tenet 2: School Leader Practices and Decisions
☒	Tenet 3: Curriculum Development and Support
☒	Tenet 4: Teacher Practices and Decisions
☒	Tenet 5: Student Social and Emotional Developmental Health
☒	Tenet 6: Family and Community Engagement

In reflecting on the PREVIOUS YEAR'S PLAN:

- Describe the most significant positive impact(s) that resulted from the previous year's plan (may include such examples as specific changes in adult behavior and/or measurable changes in student outcomes).

Teachers attended a wealth of professional development through Indistrict and BOCES sponsored workshops. There was an increase in parental involvement through a host of events, activities and correspondences and workshops that, in most instances, had bilingual translators. We also increased our wellness initiatives and successfully implemented the PBIS program.

- Describe all mid-course corrections to the previous year's plan in response to data review and needed adjustment. Include details of current impact and expectations for sustainability moving forward.

We recognized that priority has to be given to planning the year's calendar so as to balance the monthly activities. In addition, we realize that we need more help from technology in creating parent/staff surveys.

In developing the CURRENT YEAR'S plan:

- List the highlights of the initiatives described in the current SCEP.

Professional Development, Wellness, Parent Engagement were the highlights.

- List the identified needs in the school that will be targeted for improvement in this plan.

Lack of funding made it impossible to address the needs of ALL students in need of additional academic support, for example, having an ESL after school program and an Early Ed After School program would have been extremely helpful.

- State the mission or guiding principles of the school and describe the relationship between the mission or guiding principles and the identified needs of the school.

Our mission is to ensure that all students are afforded an educational experience that honors their intellect, cultural diversity, and personal aspirations. In addition, that they are exposed to a rigorous and relevant curriculum that coheres with the imperatives of the CCLS and ultimately inspires them to become life-long learners.

- List the student academic achievement targets for the identified subgroups in the current plan.

In keeping with the district's goal, we set the target as 10% for each of these sub groups.

- Describe how school structures will drive strategic implementation of the mission/guiding principles.

At Lincoln, we have a very strong school leadership team that meets on a monthly basis. This team works as the steering committee for all of our school reform efforts, providing us with oversight and accountability to the outlined initiatives. Collectively, we discuss our primary areas of concern, that being improved teacher practices, increased student performance, parent engagement, and health and safety. This plan is a culmination of our talks in which we discuss those programs that have been most effective and those that are in need of improvement. We are determined to research and analyze and ultimately implement those initiatives that best serve all stakeholders in our school community.

- List anticipated barriers that may impact the ability to accomplish the mission or guiding principles and how those barriers will be addressed.

Time and budget constraints are almost always the barriers that impact the successful implementation of our plan.

- Describe the professional development opportunities that will be provided to teachers and school leaders and the rationale for each opportunity.

1. Great Books: This is a shared inquiry program that elicits critical thinking and argumentative debate which clearly coheres with the CCLS. 2. Interactive Writing: This program is designed for students in K-2 in order to help them learn how to write more purposefully in an engaging and useful manner. 3. Empowering Writers: Designed for students in grades 3-6 in order to supply them with the skills and processes of successful writing, particularly as it relates to the imperatives of the CCLS. 4. RTI; Provides teachers with the framework and tools to better understand and implement the tiered instruction needed for low performing students.

- List all methods of dialogue that school leaders will implement to strengthen relationships with school staff and the community.

1. Meet and Greet; 2. Parent/Teacher Conferences. 3. School Events, i.e. Family Math Night, Science Fair, Literacy Night, PTA meetings, SCEP meetings, Parent Workshops, etc.

- List all the ways in which the current plan will be made widely available to the public.

The SCEP plan will be posted on the District Website @mtvernoncsd.org and copies will be available in the school's main office. In addition, parents/guardians will be made aware of the plan and its contents at our annual Title 1 Presentation conducted in early September.

- Describe the transition plans to assist preschool children from early childhood programs to the elementary school program (e.g., aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.). Applies to elementary schools ONLY.

Priority Schools: Whole School Reform Model

As per New York State's approved ESEA Flexibility Waiver, all Priority Schools are required to implement a systematic whole school reform model. In support of this implementation the Department has committed to ensuring that leaders of Priority Schools that are engaged in implementing whole school reform models are selected and supported by districts through a process that ensures high leadership qualifications as well as a good match between the leader's skills and competencies and the identified needs of the school. All priority schools that are not current recipients of School Improvement Grant (SIG [G]) or School Innovation Fund (SIF) must complete and submit the principal checklist accessed by the hyperlink and provide full responses to the narrative questions below to demonstrate their plan for implementation of a whole school reform model.

www.p12.nysed.gov/accountability/ChecklistforDeterminingPrioritySchoolLeaderQualification.docx

Please note: Priority Schools that are subsequently identified as Failing or Persistently Failing as per Education Law 211-f may have additional requirements to fulfill for the 2015-16 school year. The Department will require that districts with such schools complete an addendum to the SCEP for each school that includes the following: rigorous performance metrics and goals that are in addition to those listed in the leading indicators section; a list of the Community Engagement Team members and the Team's recommendations; and any changes made to the plan by the Superintendent Receiver, including addition of activities supporting the conversion of the school into a community school.

1. New School Design and Educational Plan

The plan should provide a clear overview and detailed description of the redesign framework chosen. Drawing on the target population and sub-groups within the school, a clear rationale should be provided that articulates how the proposed mission, curriculum, teaching methods and services align with the educational needs of those populations driving the school's current accountability status. This serves as a blueprint for the school redesign efforts.

A. Overview: Describe how the school will achieve its vision and mission, including explanation of how the proposed school design and founding group are likely to accomplish dramatic school change and improvement in key goals and outcome metrics within two years. Present historical evidence that the design, or at least components thereof, had led to similar outcomes in existing schools. Present a clear rationale for the design and any research or other supporting information that provides plausible evidence that the model will meet the needs and outcomes identified for the school.

B. Curriculum and Instruction: Provide a description of the curriculum to be used by the school, including sample promotion or exit standards for English language arts and mathematics in two non-consecutive grade-levels to be offered by the school. Describe the process that will be used to ensure that the curriculum aligns with the New York State Learning Standards, inclusive of the Common Core State Standards and the New York State Testing Program. Discuss specific proven research-based instructional strategies and practices that will be relevant or necessary to successful implementation of the curriculum with the identified sub-groups.

C. Professional Development: Present a coherent framework for professional development, which includes extensive job-embedded professional development, and structures for collaboration that enable teachers and support staff to have common, regular, and frequent planning time. Discuss how curriculum and instructional needs are reflected in plans for professional development.

D. Use of Time: Describe the daily proposed calendar and schedule and articulate how this use of time will provide for meaningful improvements in the quality of instruction, enrichment opportunities, and professional culture of teacher leadership and collaboration. Discuss how restructuring the school calendar will increase learning time and extend the school day or year. Describe a logical and meaningful set of strategies for the use of instructional time that leads to pedagogically sound restructuring of the daily/weekly/monthly schedule to increase learning time and/or extend the school day or year. Present the daily proposed school calendar showing the number of days the school will be in session and sample daily class schedule showing daily hours of operation and allocation of time for core instruction, supplemental instruction, and increased learning time activities. Submit a sample daily schedule for one grade in each level at which the school will operate.

--

E. Assessment: Describe the school's approach to assessment. Explain how the school will evaluate progress of individual students, cohorts over time and the school as a whole toward meeting the requirements under New York State's accountability system. Describe the school policies and criteria for promoting students to the next level and for graduation from the school. Discuss how the school will use assessment information to identify students not performing at grade level, and to modify the educational program for improved instruction, student learning, and staff development.

F. School Climate and Discipline: Describe the strategies the school will employ to develop and sustain a safe and orderly school climate that supports fulfillment of the educational goals. Explain the school's approach to student behavior management and discipline for both the general student population and for students with special needs. Explain the school's approach to supporting and enhancing the social and emotional health needs of its students. Explain how the school will encourage parent/family involvement and communication to support student learning and how it will gauge satisfaction with school climate.

G. Regulatory Flexibility (Variance): The regulations of the Commissioner of Education (8 NYCRR 100.2n) allow the Commissioner to grant a variance from provisions of the Part 100 regulations that will be necessary for a school to implement a program designed to provide excellence in education. In the context of this plan, this proposal narrative serves as the form and format for requesting a variance for educational excellence. If appropriate, identify any specific Part 100 regulation(s) for which a variance is necessary in order to fully implement the school redesign. Describe any specific features and elements of the proposed school redesign that would justify the need for the variance. (Note: A submitted SCEP does not, in and of itself imply the requested variance is approved. NYSED may determine the features of the program can be implemented without the need for a variance. Any variance granted will extend only through the life of the SCEP.)

H. Meeting the Needs of Unique Populations: Describe the population of students with disabilities, including those with moderate to severe disabilities, students who are English language learners, and students from households that are eligible for the federal free or reduced-priced lunch program, first generation college goers, students of color, and other young people underrepresented in higher education and the specific continuum of instructional and support strategies that will be employed to meet the needs of these populations.

2. Organizational Plan

The Organizational Plan should provide an understanding of how the school will be operated, beginning with its governance and management. It should present a clear picture of the school's operating priorities, delegation of responsibilities, and relationships with key stakeholders.

A. Site-based Governance: Describe the organizational structure of the school and its day-to-day operation. Explain the management roles and responsibilities of key administrators with respect to instructional leadership, curriculum development and implementation, personnel decisions, budgeting, financial management, legal compliance, and any special staffing needs. Submit an Organizational Chart that shows the staffing structure and reporting responsibilities for the district and partner organization(s).

B. Leadership Positions: The principal selected to lead the new school must have the capabilities to be successful in the particular school setting and school design chosen. Describe the primary responsibilities for each key management position and identify critical skills or experiences necessary to fulfill those responsibilities. If these positions are already filled, provide the resumes or curriculum vitae of these individuals and include the track-record of success in previous schools.

C. Staffing, Human Resources, and Work Conditions: The principal selected to lead the redesigned school should have the authority to select and assign staff positions in the school, consistent with the school's approved design. Discuss the staffing plan for the school including staffing needs and recruitment strategies. Submit the job descriptions of teachers within the school, describing the critical skills or experiences that teachers should possess. (Description can be general for core teachers). In addition, submit any supporting labor-management documentation such as agreement to create and/or existing thin-contracts or election-to-work agreements, or school-based options that state the conditions for work that match the design needs of the school.

Priority Schools: Expanded Learning Time Plan

As per New York State's approved ESEA Flexibility Waiver, Priority schools implementing a whole school reform model in 2015-2016 must demonstrate that a minimum of 200 additional student contact hours are being offered as Expanded Learning Time in addition to the current mandated length of 900 hours per year of instruction in elementary school and 990 hours per year in high school.

A. Describe the target population of students to be served by the Expanded Learning Time program. Indicate whether students' participation in the additional hours will be mandatory or voluntary, and if voluntary, how are you ensuring that 50% or more of the students (or of Academic Intervention Services students if the school is not receiving 1003(g) School Improvement Grant Funds) are participating?

B. Describe the unique academic, social, and emotional needs of targeted students that will be addressed through the components of the ELT program.

C. Describe how the school engaged representatives from multiple school and community stakeholder groups in thoughtful, data-driven needs assessment that address the holistic needs of students and teachers.

D. Describe the focused priorities, expressed as clearly articulated and measurable goals, that will guide the implementation and evaluation of all program partnerships and activities.

E. Describe how the school will foster a culture of safety, support, and social emotional growth where high expectations for students and staff are clearly articulated and supported through appropriate policies, procedures, and/or practices that adhere to NYSED's social/emotional learning guidelines.

F. Describe how the school will provide a consistently high-quality and rigorous core academic program, delivered by NYS certified teachers and qualified community educators (e.g., tutors, teaching artists, etc.), that directly aligns with Common Core Learning Standards.

G. Describe how the school will support personalized learning for all students through differentiated instruction, timely and targeted interventions for students who require additional support, and opportunities for acceleration.

H. Describe how the school will integrate high-quality and engaging enrichment programming that builds critical knowledge and skills and exposes students to potential college and career pathways.

I. Describe how the school will embed consistent and meaningful opportunities for all constituencies to collaborate with their peers, participate in professional development that improves instructional practices, and engage in self-reflection and evaluation.

--

J. Describe how the school will utilize data cycles that include baseline, progress monitoring, and summative evaluation measures for evaluating teaching and learning and informing appropriate supports, interventions, and/or services.

--

K. Describe how the school will allocate and integrate school, district, and community resources strategically to ensure that identified goals are achieved and critical program components can be sustained and/or scaled up over time.

C1. Needs Statement: Create a clear and concise statement that addresses the primary need(s) to be addressed. Be sure to incorporate the most recent DTSDE review and other applicable data.		The principal will continually work with the school leadership team, which is the steering committee, to drive our reform agenda. This is accomplished through monthly meetings in which each of the stakeholders review and discuss their respective needs in the school community. The primary areas of concern are: Improving student achievement through professional development; increased parent engagement, and ensuring the health and safety of the school community.	
D1. SMART Goal: Create a goal that directly addresses the Needs Statement. The goal should be written as Specific, Measurable, Ambitious, Results-oriented, and Timely.		1. Conduct both a staff and parent survey to assess school culture using multiple methods and implement appropriate strategies to improve school programs and culture 2. Provide teachers with effective assessment practices, data collection and analysis methods, and decision making as evidenced by data driven instruction and ongoing collaboration in grade-level PLCs. 3. Ensure teachers take part in ongoing, relevant, and aggressive professional development in accordance with the CCLS. 4. Making certain that teachers are familiar with the RTI model as it relates to providing tiered levels of targeted instruction in response to the varied needs of struggling learners. 1. Results from Parent, Teacher, and PBIS surveys; 2. Various data sources, i.e. DIBELS, iReady, Benchmark Data, Interim Assessments, NYS Assessments, Student Attendance & Suspensions Records, & Parent Attendance at School-wide Functions, among others.

Do not combine multiple activities into a single cell; each activity should be written in its own cell. School based RTI committee will attend district professional training bimonthly and turnkey information to all staff at PLC meetings and curriculum meetings. The intended impact is that all teachers will develop the common language, practices and protocols within the RTI framework in order to meet the needs of our lowest performing students. Early Literacy Specialists along with Reading Specialists will provide monthly workshops to classroom teachers focused on Interactive Writing for teachers in Grades K-2. In addition, specialists will push in and model lessons for teachers on a weekly basis. The intended impact is to help children through interactive writing, make connection with other literacy experiences. Students will learn about building up and breaking down processes within a familiar, purposeful, and interesting language experience. AI in Grades 2-6 Great Books Training. The intended impact to teach students how to think critically—sparking a passion for literature and ideas through the discussion of fiction, poetry, drama, and nonfiction. A greater focus on improving student writing in the upper grades (3-6) through intense training in the the Empowering Writers Workshop which not only focuses on expository and narrative writing, but opinion and argumentative writing as well.
