Carrollton-Farmers Branch Independent School District Carrollton Elementary

2022-2023 Campus Improvement Plan

Mission Statement

The Mission of CFBISD, a diverse community of global learners, is to empower scholars to acquire life-long knowledge, skills, and values that prepare them to compete in the world marketplace while contributing to their community.

Vision

CFBISD will be an exceptional learning community where all graduates impact and excel in a complex, interconnected, and ever-changing world.

Value Statement

CFBISD BELIEVES IN...

- Excellence in ALL learning opportunities
- · Respecting differences by embracing diversity
- · A growth mindset for students, faculty, and staff
- Ongoing partnerships with the community
- Support and love of the whole student

Motto

High Expectations for ALL

Comprehensive Needs Assessment

Revised/Approved: May 11, 2022

Demographics

Demographics Summary

We, at Carrollton Elementary, are dedicated to growing students as learners and leaders. We take pride in being a Leader in Me campus. We are a PK-5 elementary school with about 500 enrolled students. The staff at Carrollton Elementary includes 43 teachers, 11 paraprofessionals, and 2 administrators. The student population is 3% White, 3% African American, 92% Hispanic, and 2% Asian. Additionally, the campus serves 90% economically disadvantaged students, 15% special education students, and 77% emergent bilingual students. The most current data indicates the campus has a 1.6% mobility rate. Students have the opportunity to transfer to our campus from other districts. Currently, we have 9 students who have chosen Carrollton Elementary as their school of choice. Carrollton Elementary is one of several elementary campuses to serve students in a Spanish bilingual program. We take pride in being a Leader in Me campus where we value that all students can be leaders when they integrate and follow the "7 habits" in their daily lives.

Demographics Strengths

TELPAS results show that Carrollton Elementary bilingual students are making progress in language acquisition skills.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Carrollton Elementary experiences approximately 15-20 students that arrive tardy daily. **Root Cause:** Parents are unaware of the amount of instructional time lost when a student is tardy.

Problem Statement 2 (Prioritized): Carrollton Elementary has an attendance rate of 92%. Root Cause: Stakeholders do not understand the importance of daily student attendance.

Problem Statement 3: Carrollton Elementary enrollment is decreasing each year. **Root Cause:** The building is outdated- it is not inviting to the community (outdated playground equipment, front). We need to develop a plan that shows the community the benefits of attending Carrollton Elementary.

Problem Statement 4 (Prioritized): Students come to school with a limited repertoire of learning strategies and resources available to them. Root Cause: 91% of our students are from low-income homes

Student Learning

Student Learning Summary

Carrollton Elementary continues to make progress in the areas of math, reading, and writing. District common assessments, campus benchmarks, Istation, and MAP data were used to measure and track student progress throughout the course of the year. Targeted instruction and interventions were utilized to improve student progress. Teachers use ongoing varied assessments to ensure the growth of all students and identify struggling learners and intervene early, ensuring that the right supports are in place for students. Carrollton Elementary has a very strong Response to Intervention program, whereby all students receive support in areas that they need to grow during WIN Time (What I Need). Students participate in self-tracking progress, as well, through leadership notebooks and school-wide, grade level, and individual goals. MAP data is tracked throughout the entire school year to monitor student academic progress.

Targeted small group instruction during the school day results in teachers addressing students' needs both in intervention and in enrichment. Our teachers meet at a minimum every three weeks in their Professional Learning Communities to review common formative assessments and use student data to plan the next steps for student learning. Teachers and students discuss individualized learning goals and review lead measures and celebrate successes along the way. These academic strengths are due to the exceptional instruction and learning experiences provided by Carrollton Elementary staff along with an intentional focus on helping students identify learning goals, decide on action steps in order to move forward in those goals, track progress, and reflect on adjustments that need to be made. Carrollton Elementary students are demonstrating exceptional leadership in their own learning!

Student Learning Strengths

MAP Tests	95% of our students showed growth on their MAP tests
Grade 4 Spanish Reading	37% with accelerated growth
Grade 5 Reading English	38% accelerated growth
Grade 3 Spanish Reading	20% Masters
Grade 3 English Reading	15% Masters
Grade 3 Math	13% Masters
Grade 4 Math	75% with accelerated growth/ 24% Masters
Grade 5 Math	58% with accelerated growth/ 32% Masters
Grade 5 Science	Highest percent in all categories in the last three assessments
	6th in the district for scores

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Missing Academic Achievement indicator for 2 consecutive years with Special Education students **Root Cause:** Fundamental students are being pulled out, not being taught with grade-level peers or TEKS. Therefore, once tested on STAAR it is the first time they are seeing grade-level questioning and materials. Large numbers of special education population in Monolingual classes. Not enough special education teachers to service all special educationstudents with enough time and support.

Problem Statement 2 (Prioritized): Students are not meeting reading expectations at grade level per the Early Childhood Closing Gaps data. **Root Cause:** Consistency with the implementation of frequent running records, informal/formal skill checks and guided reading needs to be conducted every day.

Problem Statement 3 (Prioritized): Leader in Me lessons are not consistent throughout the school and students are not applying skills. **Root Cause:** Teacher confusion, consistency and a lack of scope and sequence for educators to follow.

Problem Statement 4: Students are not meeting math expectations at grade level per the Early Childhood Closing Gaps data. **Root Cause:** Increasing the rigor of tier one instruction.

School Processes & Programs

School Processes & Programs Summary

Carrollton Elementary is a learning organization that is focused on student growth and achievement, fostering leadership and a focus on the whole child. At Carrollton Elementary, we inspire learners to become innovative, collaborative, life-long designers who contribute to an ever-changing global community. We engage the school in The Leader in Me program and The 7 Habits of Happy Kids to embrace a process that helps develop the essential life skills and characteristics students need in order to thrive in the 21st century. Students experience personal leadership as a practice of being accountable for actions, attitudes, and talents that contribute to their successes centered around the 7 Habits of Happy Kids, The Leader in Me allows teachers to guide students as they find their strengths and what makes them special. We are excited to see what new leadership skills emerge as we move into year three of the program!

We are a community of learners who all participate in personal and professional goal-setting, tracking, and reflection on our impact on student learning and achievement. Our students thrive in a learning environment that embraces authentic, real-world applications where they can collaborate, communicate, and create while pushing themselves to think critically about their learning.

Carrollton Elementary is also a site for Ignite PK Academy, CFBISD's full-day tuition-based community Pre-K, taught by our caring, certified educators, students are involved in thematic units that engage learners through developmentally appropriate activities. Mathematics, science, social studies, and language arts are integrated to provide students with real-life opportunities to read, write, and problem solve. We also support the socio-emotional learning of students so they can build strong healthy relationships with their peers and friends.

Additionally, Carrollton Elementary, within CFBISD's guidance, uses curricular programs and processes to ensure that learning is based on standards and is scaffolded to address a variety of student needs. Teachers plan using a backward design with CFBISD's curriculum. Teachers make sure to integrate process standards into all content areas each day, ensuring that students are given opportunities to apply their learning at high levels. Teacher teams plan both by grade level and content. Teachers use ongoing varied assessments to ensure the growth of all students and identify struggling learners and intervene early, ensuring that the right supports are in place for students. Carrollton Elementary has a very strong Response to Intervention program, whereby any students of concern in the areas of academics, speech, or behavior, may be referred to a committee to develop interventions (WIN Time).

We are embarking on Year 3 of our Leader in Me journey, with a focus this year on Student Voice. We have systems to monitor student growth and ensure both interventions and challenges are given to meet students' unique needs. Administration conducts formal and informal walkthroughs to ensure the alignment of instructional practices to the district's scope and sequence. District curriculum specialists meet regularly with grade-level teachers to help plan, model lessons and support their overall growth in the different content areas. Grade level meetings and professional learning communities are conducted to analyze data to help drive instruction. Multiple professional learning opportunities are also provided to all staff in order to meet our campus needs. Our goal is to continue to maintain high-quality instruction through staff goal-setting, growth, and personal reflection.

School Processes & Programs Strengths

We are embarking on Year 3 of our Leader in Me journey, with a focus this year on Student Voice. We have systems to monitor student growth and ensure both interventions and challenges are given to meet students' unique needs. Administration conducts formal and informal walkthroughs to ensure the alignment of instructional practices to the district's scope and sequence. District curriculum specialists meet regularly with grade-level teachers to help plan, model lessons and support their overall growth in the different content areas. Grade level meetings and professional learning communities are conducted to analyze data to help drive instruction. Multiple professional learning opportunities are also provided to all staff in order to meet our campus needs. Our goal is to continue to maintain high-quality instruction through staff goal-setting, growth, and personal reflection.

Professional learning this year is focusing on Math and Literacy. Within our professional learning communities, we focus on engaging instruction, best practices in Mathematics and Guided Reading, designing learning that is aligned with powerful learning objectives, integrating technology for student production of work, and monitoring progress of students through collaboration, conferencing, and goal-setting. Grade level teams work in collaboration with support staff and instructional facilitators to identify essential skills, create common formative assessments, and monitor small group instruction based on student progress on learning targets. Carrollton Elementary staff are committed to the learning and Carrollton Elementary

growth of all students as they target their own professional goals and learning journeys.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): WIN (What I Need - Intervention Time) was implemented this year and will continue next year but there are areas that need to be improved within the program. **Root Cause:** A new program comes with struggles as we get to know how the program works.

Problem Statement 2 (Prioritized): There is inconsistency with the implementation of the Leader in Me program. Root Cause: There is no set time to implement Leader in Me.

Perceptions

Perceptions Summary

Parents and community members are often heard commenting about the warm and welcoming feeling that they get when they walk into Carrollton Elementary. They know immediately that student emotional well-being is high on our priority list, as well as ensuring that all students grow in their learning. Family and community involvement at Carrollton Elementary has been inconsistent over the past few school year. Musical and family-based (carnival and holiday reading night) events were highly attended. This is in part due to the fact that students are highlighted in each of these events. More opportunities for parents to see their student shine and build relationships both with their child and the school faculty and staff are needed. PTA leadership is in need of more assistance and event participation has been sparse when compared to events in which parents interacted with their child or watched their child perform.

Perceptions Strengths

Leadership opportunities and engaging instruction are resulting in overall student satisfaction with the fun and positive experiences students have at school. Outside visitors consistently compliment the positive atmosphere, the obvious love teachers have for children, and the respectful, kind behavior of students.

Recruitment, Hiring, and Onboarding:

My school is a welcoming community for newly hired teachers. 86%

My school proactively recruits teachers from diverse backgrounds. 83%

Appreciation:

Teachers are recognized publicly when they do outstanding work. 81%

School Safety and Order:

My school is a physically safe environment for students. 92%

Parent/Teacher Communication

Teachers at my school build trusting relationships with parents. 97%

Parents at my school have confidence in teachers. 97%

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a low percentage of staff that believes disciplinary practices are applied fairly to all students on our campus. **Root Cause:** Not having universally enforced expectations or a discipline plan.

Problem Statement 2 (Prioritized): Based on the staff survey, teacher collaboration is a concern. (Teachers at my school trust each other 69% and Teachers at my school do meaningful work together in teams. 72%) **Root Cause:** Due to a pandemic, we have not had the opportunity to collaborate as we have in the past.

Problem Statement 3 (Prioritized): Staff feel that they are not able to contribute to the policies and procedures on campus. Teachers do not feel that they have a voice. **Root Cause:** There have been many changes this year due to Covid and these changes were made without the input of teachers.

Priority Problem Statements

Problem Statement 2: Carrollton Elementary experiences approximately 15-20 students that arrive tardy daily.

Root Cause 2: Parents are unaware of the amount of instructional time lost when a student is tardy.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Missing Academic Achievement indicator for 2 consecutive years with Special Education students

Root Cause 3: Fundamental students are being pulled out, not being taught with grade-level peers or TEKS. Therefore, once tested on STAAR it is the first time they are seeing grade-level questioning and materials. Large numbers of special education population in Monolingual classes. Not enough special education teachers to service all special educationstudents with enough time and support.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: WIN (What I Need - Intervention Time) was implemented this year and will continue next year but there are areas that need to be improved within the program.

Root Cause 4: A new program comes with struggles as we get to know how the program works.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 1: There is a low percentage of staff that believes disciplinary practices are applied fairly to all students on our campus.

Root Cause 1: Not having universally enforced expectations or a discipline plan.

Problem Statement 1 Areas: Perceptions

Problem Statement 9: Carrollton Elementary has an attendance rate of 92%.

Root Cause 9: Stakeholders do not understand the importance of daily student attendance.

Problem Statement 9 Areas: Demographics

Problem Statement 6: Students are not meeting reading expectations at grade level per the Early Childhood Closing Gaps data.

Root Cause 6: Consistency with the implementation of frequent running records, informal/formal skill checks and guided reading needs to be conducted every day.

Problem Statement 6 Areas: Student Learning

Problem Statement 5: There is inconsistency with the implementation of the Leader in Me program.

Root Cause 5: There is no set time to implement Leader in Me.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 10: Based on the staff survey, teacher collaboration is a concern. (Teachers at my school trust each other 69% and Teachers at my school do meaningful work

together in teams. 72%)

Root Cause 10: Due to a pandemic, we have not had the opportunity to collaborate as we have in the past.

Problem Statement 10 Areas: Perceptions

Problem Statement 8: Leader in Me lessons are not consistent throughout the school and students are not applying skills.

Root Cause 8: Teacher confusion, consistency and a lack of scope and sequence for educators to follow.

Problem Statement 8 Areas: Student Learning

Problem Statement 11: Staff feel that they are not able to contribute to the policies and procedures on campus. Teachers do not feel that they have a voice.

Root Cause 11: There have been many changes this year due to Covid and these changes were made without the input of teachers.

Problem Statement 11 Areas: Perceptions

Problem Statement 7: Students come to school with a limited repertoire of learning strategies and resources available to them.

Root Cause 7: 91% of our students are from low-income homes.

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- · State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- SSI: Istation Indicators of Progress (ISIP) accelerated reading assessment data for Grades 3-5 (TEA approved statewide license)
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Other PreK 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Homeless data

- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- · T-PESS data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Guiding Objectives

Guiding Objective 1: Optimize Engaging and Diverse Learning

Goal 1: By May of 2023, 65% of students will make a year's worth of growth on their MAP assessment (for the 2021-2022 school year it was 56.62%).

HB3 Guiding Objective

Goal 1 Problem Statements:

Demographics

Problem Statement 1: Carrollton Elementary experiences approximately 15-20 students that arrive tardy daily. **Root Cause**: Parents are unaware of the amount of instructional time lost when a student is tardy.

Problem Statement 2: Carrollton Elementary has an attendance rate of 92%. **Root Cause**: Stakeholders do not understand the importance of daily student attendance.

Problem Statement 4: Students come to school with a limited repertoire of learning strategies and resources available to them. **Root Cause**: 91% of our students are from low-income homes.

Student Learning

Problem Statement 1: Missing Academic Achievement indicator for 2 consecutive years with Special Education students **Root Cause**: Fundamental students are being pulled out, not being taught with grade-level peers or TEKS. Therefore, once tested on STAAR it is the first time they are seeing grade-level questioning and materials. Large numbers of special education population in Monolingual classes. Not enough special education teachers to service all special educationstudents with enough time and support.

Problem Statement 2: Students are not meeting reading expectations at grade level per the Early Childhood Closing Gaps data. **Root Cause**: Consistency with the implementation of frequent running records, informal/formal skill checks and guided reading needs to be conducted every day.

Guiding Objective 5: Optimize All Available Resources

Goal 1: By May 2023, the staff retention rate will increase by 5% from the End of Year 2022.

Evaluation Data Sources: Upbeat Survey

Staffing

Campus Survey

Strategy 1 Details		Reviews			
Strategy 1: Recognize teachers publicly when they do outstanding work (staff newsletter, social media, shout boards, etc.)		Formative			
Strategy's Expected Result/Impact: Staff retention rate will increase and staff will be appreciated. Staff Responsible for Monitoring: All staff	Oct	Jan	Mar	June	
TEA Priorities: Recruit, support, retain teachers and principals, Improve low-performing schools - ESF Levers: Lever 2: Effective, Well-Supported Teachers, Lever 3: Positive School Culture Problem Statements: Perceptions 1, 2, 3					
Strategy 2 Details	Reviews				
Strategy 2: Collaboration and vertical teaming are placed in the master schedule for teachers to build trust and to do		Summative			
meaningful work together in teams. Strategy's Expected Result/Impact: Staff retention rate will increase and trust will be built amongst teams. Staff Responsible for Monitoring: All staff TEA Priorities: Recruit, support, retain teachers and principals - ESF Levers: Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture Problem Statements: Perceptions 1, 2, 3	Oct	Jan	Mar	June	
No Progress Accomplished — Continue/Modify	X Discon	ntinue			

Goal 1 Problem Statements:

Perceptions

Problem Statement 1: There is a low percentage of staff that believes disciplinary practices are applied fairly to all students on our campus. **Root Cause**: Not having universally enforced expectations or a discipline plan.

Perceptions

Problem Statement 2: Based on the staff survey, teacher collaboration is a concern. (Teachers at my school trust each other 69% and Teachers at my school do meaningful work together in teams. 72%) **Root Cause**: Due to a pandemic, we have not had the opportunity to collaborate as we have in the past.

Problem Statement 3: Staff feel that they are not able to contribute to the policies and procedures on campus. Teachers do not feel that they have a voice. **Root Cause**: There have been many changes this year due to Covid and these changes were made without the input of teachers.

Additional Targeted Support Strategies

Guiding Objective	Goal	Strategy	Description
1	1	,	Schedule Special Education Check-ins (every 9 weeks) with all teachers to analyze data, monitor growth with our special education students, and discuss adjustments to instruction based on student needs.
