

How to log into Google Classroom

- Before you go to Google Classroom make sure you are signed into Google with your Pace School Google account.

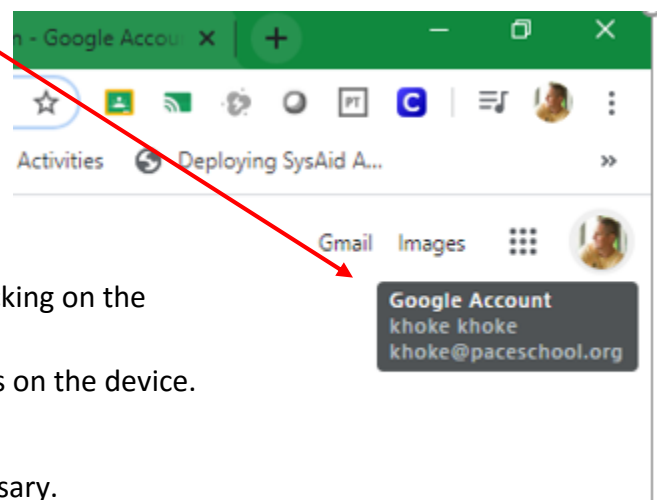

To verify what account is currently logged into Google let your mouse hover over the google account icon. It will display the current user.

You might have to add your Pace School google account to your device.

You can do this by clicking on the google account icon and **Manage your Google Account**, or by clicking on the **Sign in** icon.

This depends on already existing Google Accounts on the device.

Please ask you parent or teacher for help if necessary.

- Once you are signed in you have access to all of the google apps including the Classroom apps.
Click on the waffle icon  and a list of available google apps will be displayed.
Click on **Classroom** icon for classroom information and assignments.
(Alternatively you can also go directly to **classroom.google.com**)
