

# HPS / YMCA Summer Enrichment

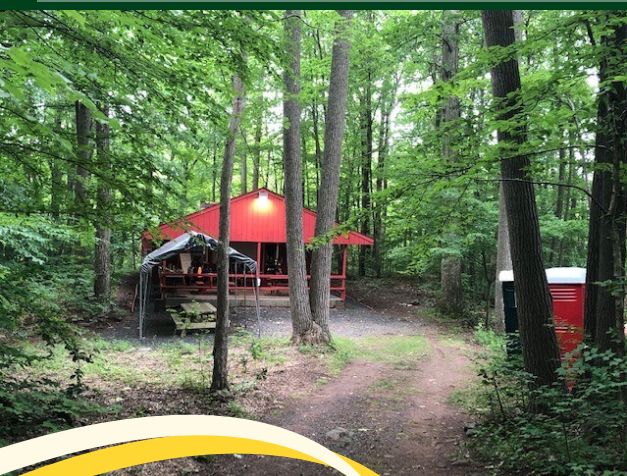

June 27—July 29, 2022

## HPS Moves to YMCA Camp Mountain Laurel!

Learning about  
bugs and making new  
friends!

Sharing facts we found  
about fireflies!

We are making ants with  
3 body parts and 3 legs  
coming out of their  
thorax!

## Nature hikes!

Students visit the stream to observe!

Fourth graders helping the little ones as they use magnifying glasses to observe nature a bit closer.

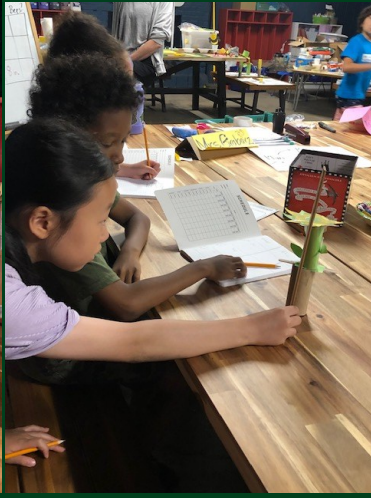

Painting Bee Kind rocks to add to the Camp Mountain Laurel rock garden!

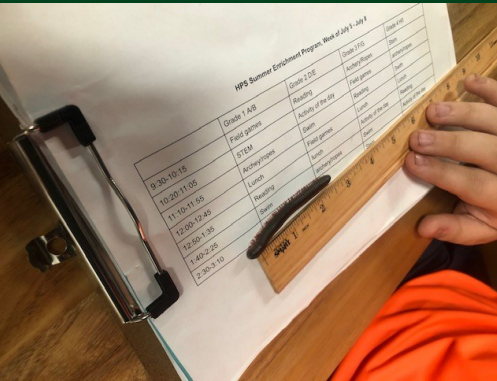

**Bee week continues.** Testing our flowers to see how many "bees" they can hold and how much pollen our bees can collect.

**Making clay models of the butterfly life cycle!!**

Using measurement skills.

**Going on a Bear Hunt during bear week!**

Making maps of the bear hunt and talking about having to be flexible when you change your plans!

Fork painting to make fur!

Using a "blubber glove" to see how a polar bear stays warm in icy water!

Building bird feeders to hang outside in the autumn for **bird week!!**

Color mixing paint to make authentic bird eggs!
