

Arrival and Dismissal Procedural Updates

Ben Hurr Street Entrance

Ben Hurr is very narrow and a dead-end street. The neighbors are very grateful for all of you who park on the end of the street near the park and walk to the school gate. There have been some incidents of driveways being blocked and neighbors having difficulty getting to work. Please be mindful that if you park on the road not to block driveways. Additionally, we ask that you please bring any bikes or strollers through the gate so that the residents of Ben Hurr can have the space they need to move about the street. Thank you for all of your efforts to be good to our neighbors!

Walkers from the Park

Walkers can go through the gym and park their bikes near the gym to make an easier entrance to the school while we have the construction happening.

Walkers from Braddock Avenue

Walkers will continue to park their bikes in front of the school and dismissal pick-up will move to the porch outside of the front office entrance instead of the parking lot.

Afternoon Carpool Line

As a reminder, please do not turn left off of Braddock Ave. into the carpool line for afternoon carpool as this creates confusion at the end of the driveway. Please join the line that forms from Penn Avenue.
