

Student Learning Experienced Differently  
Cumberland County Schools' Non-Traditional Instruction Program

## SLED DAY #1—GRADE LEVEL: 11

A TOTAL OF THREE ACTIVITIES SHOULD BE COMPLETED.

<p><b>STUDY ISLAND</b></p> <p><b>Dual Credit:</b> Only applies to students who are taking Dual Credit classes during the time of the SLED day. Must provide documentation of the work completed. This option can be used for the number of Dual Credit courses a student is enrolled in.</p> <p><b>Apex Learning:</b> Only applies to students enrolled in Apex courses. This option can be used for the number of Apex courses a student is enrolled in.</p>	<p><b>ENGLISH</b></p> <p>Some states have now made it illegal to drive while talking on a handheld cellular phone. Do you think this is a good law that should be passed in other states as well? Why or why not? Explain your answer in a well-developed essay on a separate sheet of paper. Your essay should be at least one page.</p>	<p><b>ELECTIVE</b></p> <p><b>What is self-acceptance?</b> Self-acceptance is being able to recognize your value as a person. It is essentially your level of self-worth and feeling of comfort in your own skin regardless of your faults and weaknesses. Without self-acceptance, one would not be capable of reaching their full potential in life.</p> <p>On a separate sheet of paper, write down five positive self-talk sentences for your own self-acceptance.</p>
<p><b>MATH</b></p> <p>Write a paragraph explaining your answer on a separate sheet of paper.</p> <p><b>Question 1:</b> At a gas station, all chips are marked down 10%. A customer brings a bag of chips with a regular price of \$2.19 to the register. After the 7% sales tax on the final price, how much does the customer pay for the bag of chips?</p> <p><b>Question 2:</b> LeBron played <math>2\frac{1}{2}</math> games of basketball on Friday and <math>3\frac{1}{3}</math> games on Saturday. What is the total number of games he played during those 2 days?</p>	<p><b>SCIENCE</b></p> <p>Answer the following questions on a separate sheet of paper.</p> <ol style="list-style-type: none"> <li>1. Are your organs alive?</li> <li>2. Scientists are developing new methods to grow organs from cells in a lab. Is an organ grown in a lab as alive as one in the body?</li> <li>3. You can't live without the bacteria inside you, so are they part of you as a living organism?</li> <li>4. Cells in the human body are regularly replaced, for example, skin cells only exist for about two weeks. Does this mean you don't have the same body throughout your life?</li> </ol>	<p><b>SPANISH I/II</b></p> <p>Write a short paragraph that includes three facts about the "Dia de muertos," or Day of the Dead.</p>

# Activities Based on Student Prior Knowledge
