COMMENTS

Our staff has been working hard over the summer building a new classroom to welcome TK students to CMP Shingle Springs for the very first time in the fall, and installing a new playground at our lower campus. Our APEX fundraiser covered the cost of the playground, and some new games were also able to be purchased including a gaga ball pit, nine-square, and a variety of outdoor games for our older students to use at the upper campus during recess. We look forward to sharing these spaces with our students and parents at Monday’s Open House.

Our summer Club M staff provided a fun and engaging program for our students by integrating educational opportunities, such as reading intervention, in preparation for our full transition to ELOP in August. With the help of our amazing parent community, we hosted two campus work days where tables were built for our new food program, weeds were pulled, fresh bark was spread, concrete was power washed, and trash corrals were tidied up to name a few of the tasks completed. We are also happy to share that 25 families have signed up to “Adopt a Spot” on campus, which will allow our maintenance team to focus their time and energy on larger projects that keep our campus looking beautiful.

The entire CMP Shingle Springs team has enjoyed a full week of professional development, collaboration, and planning with the theme being “New Beginnings”. We’ve welcomed a few new staff members and they have voiced how impressed they are with the commitment to academic excellence, the teamwork and collaboration, and the deep connections that have been forged with the staff. It is always nice to get this perspective from someone seeing our team at work for the first time.
