

RECORDS MANAGEMENT

The Board is aware that records of various kinds are created and received as the school unit educates its students and manages the operations of its schools.

For the purpose of this policy, “records” are all documentary materials made or received and maintained by the school unit in accordance with law or rule, or in the transaction of its business.

Records may be created and received in multiple formats including but not limited to print, handwriting, audio and videotapes, and in various digital forms (on hard drives, servers, CDs, disks, flash drives, etc.). Records specifically include email, instant messages, and other electronic communications that are created, sent, and received.

Attention to the proper retention and disposal of the school unit’s records is essential not only for compliance with laws and regulations, but to protect the legal interests of the school, staff, and students and to ensure that the school unit is managed effectively.

The school unit will comply with all applicable laws and rules pertaining to the routine retention, storage, and disposal of records and with its obligation to preserve records when litigation is reasonably anticipated or has commenced.

The Superintendent shall be responsible for developing administrative procedures for the cataloging/classification, storage, and disposal of the school unit’s records that are consistent with applicable laws and rules and which allows for retrieval of records when necessary. The Superintendent will also be responsible, by methods he/she deems appropriate, for informing school unit employees of this policy, making them aware of the kinds of documents, data, and materials that must be saved and those which may be disposed of or deleted, and of any specific procedures employees need to follow. The Superintendent may delegate records management responsibilities to the Technology Director, school administrators, or other school unit personnel as he/she deems appropriate in order to facilitate the implementation of this policy.

Board Records

The Board shall keep such records as are necessary for the transaction of its business. The Superintendent shall act as custodian of Board records in his/her role as Secretary of the Board and will be responsible for storing Board and subcommittee minutes, reports, and studies commissioned by the Board, and other Board documents, data, and materials in a manner consistent with this policy and with applicable laws and rules.
