Ohio Test of English Language Acquisition (OTELA)

Dear Del Marie Family,

During the months of January through March, 2010, Lauren took the Ohio Test of English Language Acquisition (OTELA), which measures the English language skills of students whose first language is other than English.

This report explains Lauren's test scores in four areas: Reading, Listening, Writing, and Speaking. It also suggests ways you can help Lauren reach full English proficiency. I encourage you to talk to Lauren's teachers about this report and the school resources that can help ensure her success.

Thank you for your support and cooperation. We wish Lauren continued success in both her English acquisition program and her general education program.

Sincerely,

Deborah Delisle
Superintendent of Public Instruction
