

Senior Homework Timetable 2022-23

Homework is likely to include reading tasks, question sheets, research, revision etc and will be used to encourage your daughter to work more independently. Written tasks normally need to be handed in the next day. Pupils may be asked to complete a piece of work on the computer, and this should be printed at home and submitted for marking in the same way.

Below is the Senior Homework Timetable for this year. If a subject does not have a homework slot in a particular year, very occasional homework may still be given. Girls are set homework each night. This may be a written task or a topic to research. Girls are encouraged to spend time each evening reading to an adult and practising their times tables so that they can instantly recall multiplication facts.

Homeworks in **red** are on days when pupils do not have a lesson in that subject. If that is the case, it will be necessary to set the homework in the previous lesson and collect it in after the allocated homework day. If your subject does not have a homework slot in a particular year, it is acceptable to give very occasional homework, but it should not be too long.
