

Ellie Penner Brown Bio

- Where did/do you attend/graduate from college

*University of Utah, graduated class of 2018*

- What is/was your major and/or minor

*English Teaching major with a Physics Teaching minor*

- Current job/previous jobs

*Physics & English teacher at CHS (woot!)*

*Currently working as a Cloud Economics & Quantum Computing Analyst for S&P Global Market Intelligence*

- how did taking IB classes and/or graduating with a IB certificate or diploma help you with your college experience

*My IB classes taught me to look at the world more thoroughly, and find unique solutions to problems. They taught me how to focus on patterns and stick with puzzles until they're solved. Graduating with my IB diploma also jumpstarted my college experience, giving me enough credits to earn a minor in addition to my major, and take some fun classes along the way.*

- favorite IB class

*IB English (HL), closely followed by IB Psychology (HL)*
