

## **2022-23 school meal program**

We want our families to be aware that the universal free school lunch program that was launched during the pandemic is scheduled to end this summer. In addition, because of higher food costs, we anticipate an increase in prices for breakfasts and lunches next school year. That's why it is important for families who qualify for free or reduced meals to fill out an application after July 1. Watch for the meal applications when you register your child for the 2022-23 school year. If you have any questions, please contact the TSC Nutrition Services Department at 765-269-8435.
