Do you wonder what's really going on at Mass?

All the standing up, sitting down, kneeling and gesturing - what does it all mean?

What about the prayers said at Mass - where do they come from?

Please join us as we explore the various parts of the Mass and discuss their origins and significance. This fascinating tour of the Mass will either enhance your devotion and appreciation of the Mass or serve as an introduction to help you understand what happens during a Catholic Mass. Adults of all faith traditions are welcome and encouraged to attend.

No registration necessary – just show up!
