*Director of Admissions*

As one of Staten Island's oldest educational institutions, and one of New York City's best, Staten Island Academy has stood as a beacon of educational excellence since 1884. Today, Staten Island Academy is the Island's only independent college preparatory school committed to offering students in Grade Pre-K3 through Grade 12 a challenging academic program on a safe and beautiful 12-acre campus. The Academy's mission is to provide a child-centered education of superior quality through a comprehensive program of academics, the arts, athletics and extracurricular activities.

### *The Program*

The William Winter Scholarship is named for William Winter (1836-1917). Known primarily as America's top theater critic during his lifetime, Winter was also an historian, poet and essayist. An Academy parent and member of the Board of Trustees, Winter established the Winter Library in honor of his son, a beloved Academy student, who died tragically in a sledding accident.

Each year, elementary and intermediate school students from New York City and surrounding areas compete for admission to Staten Island Academy under the William Winter Scholarship Program. Re-named in 2004 in order to commemorate Staten Island Academy's 120th anniversary and to celebrate our school's rich history, these prestigious awards are open to students who will be entering Grade 6 in September 2023. Students from all public, parochial, and private schools are eligible to participate.

- ❖ The William Winter Scholarships are awarded based on a combination of examination test scores, school transcripts, teacher recommendations and a personal interview either on campus or via ZOOM.
- ❖ Awards are not based on financial need.
- ❖ **Grade 6 recipients are awarded 50% of the tuition** in this year and that **same amount** is awarded every year that they are enrolled at the Academy.
- ❖ Awards are renewed each year. Renewal is contingent upon academic performance, good citizenship and contributions to the school community.
- ❖ The number of the William Winter Scholarships awarded is determined by the selection committee, based on the strength and diversity of the applicant pool in any given year.

### *The Application*

The application process for the William Winter Scholarship begins now. Please see the next page for a detailed checklist. Applicants are asked to attend an Open House, schedule a shadow appointment and take the ISEE (Independent School Entrance Exam).

### *The Admissions & Financial Aid Process*

Staten Island Academy provides need-based financial assistance to qualified families. Last year, SIA granted over \$2.7 million in tuition assistance. Financial grants are based on need and are adjusted annually depending on demonstrated need. The Academy's Financial Aid Committee determines financial aid grants upon completion of the Parent Financial Statement (PFS). **The PFS may be completed on-line at [ssandtadsfa.force.com](https://ssandtadsfa.force.com) beginning October 1.** Click on Complete your Parents' Financial Statement (PFS). Please note, because the deadline for the PFS is before notification of the William Winter Scholarships, we ask that you file your PFS paperwork so that your child may be eligible for regular admission with financial aid.

**These forms should be completed by December 31, 2022.**
