## NOTEWORTHY CURRICULUM FEATURES

Seattle Prep offers a rigorous college prep curriculum in the Jesuit tradition. View our curriculum [here](#). We are unique among the Jesuit high schools in that all students are enrolled in a common curriculum during their first three years of high school. The hallmark of this common curriculum is an interdisciplinary humanities course called Collegio, which incorporates English, history and theological themes. The class is team taught by history and English teachers and appears as two separate English and history courses on the student transcript. Honors courses are available only in math, science and Spanish. We are committed to using technology to enhance our educational programs and have fully implemented a one-to-one technology program for the entire student body.

### MAGIS CHRISTIAN SERVICE PROGRAM
