Introduction

The **Code of Conduct Manual** is based on the premise that rules must be enforced fairly, firmly, and consistently in a manner that is legal, equitable and just. Students are under the supervision of the school while on their way to and from school, bus stops, on the bus, on any district campus or in any district building, while attending or participating in any school function either at the home school or away, and while participating in field trips or other school-sponsored activities. Principals, assistant principals, or their designees are responsible for assigning consequences in the Code of Conduct. Professional judgment will be used to determine the consequences of specific incidents. Most types of school discipline issues are listed in this guide. However, it is impossible to list every issue that might interfere with smooth operations of the school. Administrators have the responsibility and authority to deal with all issues, even though the specific issues might not be listed in this guide.

All staff are required to function in accordance with the Code. Thus, whenever an employee discovers a student engaging in unacceptable conduct, the employee is required to take prompt action in accordance with district policies. Prompt action may include directly addressing and correcting the student, intervening to stop the behavior, seeking the assistance of other staff persons and/or reporting the incident to an administrator.

It is the responsibility of both student and parent/guardian to know the rules of the Code and to support the fair and impartial administering of the rules. With age and maturity, students will be expected to assume greater responsibility for their actions.

Attendance Policy

The law in Missouri governing compulsory attendance requires a parent, legal guardian, or other person having control or charge of a child aged seven (7) to seventeen (17) to send the child to school during the entire school year, except under very limited circumstances specified in Statute 167.031, RSMO.

The Board of Education (“Board”) as an agency of the State of Missouri is required to enforce the regular attendance of students. The Board recognizes that presence in the classroom enables students to participate in instruction, class discussions, and other related activities. Educators shall encourage regular attendance of students, maintain accurate attendance records, and follow reporting procedures prescribed by the Superintendent or his/her designees. As such, regular and timely attendance, and classroom participation are integral to instilling incentives for the student to excel.

The classroom experience is of unique value, and it cannot be duplicated by make-up work. Student interaction and the development of ideas through discussion are lost when a student is absent, tardy, or is dropped off late or picked-up early by a parent/guardian. A student's enrollment in a course is his/her commitment to attend all class sessions. Therefore, it is the intent of this policy to disallow students from being absent from class unless a situation exists which makes their absence absolutely necessary. The purpose of this attendance policy is to foster responsibility and reliability on the part of District students to attend all classes. Students will acknowledge greater emphasis on attendance at school because credit in their classes will be contingent upon their presence.

Attendance Defined

A. School Attendance - Students are to be counted in attendance only if they are actually present for any portion of the school day or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.

B. Class Attendance - Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.

C. Tardiness - A student is considered tardy if they are not present at the moment the school bell rings for the class assigned. NOTE: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent.

D. Early Sign-outs – Early release is discouraged within the final thirty (30) minutes of the school day. Attendance is required of all enrolled students during the days and hours that the school is in session.

The Principal or his/her designees shall require, from the parent or legal guardian of each student or from an adult student who has been absent for any reason, a written statement confirmation of the cause for such absence for excused reasons. The student's parent or legal guardian shall inform the school when a student will be absent for excused reasons as soon as possible. Failure to report and explain the absence(s) shall result in unexcused absence(s).

The Superintendent or his/her designees shall report infractions of the law regarding student attendance for students below the age of eighteen (18) to the proper internal and external authorities.

Long-term absenteeism, including excused absences, may lead to the failure of a course, the necessity to repeat a course, the possibility of retention, and/or the filing of a truancy petition.

“On Time, On Task, On A Mission”

There is a strong relationship between regular school attendance and academic performance. Students who are in class and on time daily have the best chance for school success!

Attendance Expectations

- Students are expected to attend all classes each day.
- Students are expected to be on time for each class during the school day.
- Students are to remain in school the entire school day.
- Students are expected to maintain a ninety percent (90%) attendance rate.
- The District complies with the Missouri Compulsory School Law, which states that all students between the ages of six (6) and eighteen (18) are to attend school during the entire school year.

Absences

- Notify the school regarding your child's absence.
- Send a note regarding the reason for the absence when your child returns to school.
- A note should be received within three (3) days of your child's return to the school.
- Make sure that all make-up work is completed and returned to the teacher.
- Students who do not log on to online learning are considered absent.

Tardiness

- Students who arrive later than the beginning of the school day or after the start time of class without an excuse and/or pass are considered tardy.
- Excessive tardiness disrupts the learning process and negatively impacts the student's academic achievement.

Truancy

- Students who have missed at least 10% of the school year are considered chronically absent/truant.
- Consequences for Irregular Attendance
- Possible failure in class or grade level.
- Investigation by the school counselor or the school's Family Engagement Liaison (FEL).
- Referral of student for Department of Family and Children Services (“DFS”) action.
- Referral of parents to the St. Louis County Prosecutor for prosecution.

With your support, we can make a difference in your child's academic success.

Chronic Absenteeism

Chronic absenteeism and habitual truancy are important predictors of school performance, including high school graduation. Average daily attendance rates often mask the number of students who are chronically absent - which equates to missing at least ten percent of the school year or approximately eighteen (18) school days for any reason.

Chronic absenteeism can be determined by comparing the number of absences in relation to the number of school days. Chronic absenteeism can be defined as excused, unexcused, and suspension days. These categories correlate to the multi-tier systems of support and provide the recommended strategy to make positive impacts on chronic absenteeism.

Chronic absenteeism in the school district indicates the presence of a much larger salient issue. Thus, addressing chronic absenteeism will resolve other issues in the district as they relate to ensuring students have the resources to be successful, increasing student-family engagement, data driven resource interventions, and enabling college-career readiness.

Levels of Chronic Absenteeism

1. Students who miss 5% or less of total school days are considered to have satisfactory attendance.
2. Students who miss 5%-10% of school days are at risk of becoming chronically absent.
3. Students who miss 11%-20% of total school days are considered chronically absent.
4. Students who miss 21% or more of total school days are considered severely chronically absent.

Dress Code Expectations

Appropriate Dress for Students PK-12

Students must come to school dressed in appropriate attire every day. Students' grooming is expected to be neat, clean, and in good taste so that each student may share in promoting a positive, healthy, and safe atmosphere. Students should respond appropriately to any reasonable staff request involving the dress code. When, in the judgment of the principal, a student's appearance or mode of dress disrupts the educational process, or constitutes a threat to health or safety, the student may be required to make modifications. In schools with uniforms, students are expected to comply with each individual school's uniform policy. The dress code supports a positive school culture that promotes school safety.

Procedures for Correcting Inappropriate Attire:

School principals and staff should uniformly apply the following procedures for occurrences in which students wear inappropriate attire. School staff must not remove the student from the instructional process or school environment. Staff will direct students to correct inappropriate attire. If the inappropriate attire cannot be corrected immediately, staff may take the following steps:

- Parent contact
- Refer student to the counselor or social worker
- Removal of privileges (classroom or school)
- Behavior Contract with recognition system

Inappropriate Dress for Students PK-12

On specific days of celebration, there may be opportunities for students to be out of school uniform. During all times during school activities, the following are the expectations. Immediate adjustments will be made, or the student may be removed from participating in the activity.

- Ripped, torn, shredded, distressed, or otherwise modified clothing is not acceptable.
- Clothing that is either revealing or provocative, showing abdomen region or cleavage, T-shirts or halter-tops, biker pants, or pants allowed to sag below the waistline or are excessively tight
- Bedtime attire such as pajamas, undershirts, or undergarments as outerwear
- Students' clothing or tattoos may not display statements or pictures that are related to the use of drugs, alcohol, tobacco products, or sex, or that promote hate and/or violence or signify gang affiliations
- Attire that may be considered weapons, including but not limited to chain belts or wallet chains
- Jewelry or similar artifacts that are obscene or may cause disruptions to the educational environment
- Hats, caps, bandanas, or do-rags, except headwear worn for legitimate religious and cultural purposes

- Hair rollers, hair curlers, plastic hair bags, hairnets, hair bonnets, sweat bands and skullcaps

Transportation

Riding the school bus is a privilege – not a right. Improper behavior may result in a student being removed from riding the bus either temporarily or permanently. The bus driver is in charge. Students must obey the driver. Any offense committed by a student on a district-owned or contracted bus shall be punished in the same manner as if the offense had been committed at the student's assigned school. The bus is an extension of the classroom, and misbehavior will not be tolerated. Students are to ride their assigned buses. Two (2) digital cameras are on every bus to record the activity throughout the bus and at the bus door.

STUDENT RESPONSIBILITIES WHEN WAITING TO BOARD THE BUS

The purpose of this policy is to designate specific actions committed by students that must be reported to teachers, administrators, and/or law enforcement officials as well as those actions that must be documented in a student's discipline record.

CONFIDENTIALITY (POLICY JGF)

Any information received by a school district employee relating to the conduct of a student shall be received in confidence and used for the limited purpose of assuring that good order and discipline is maintained in the schools.

OFF-CAMPUS BEHAVIOR

In addition, any portion of a student's individualized education program (IEP) that is related to demonstrated or potentially violent behavior shall be provided to any teachers and other district employees with a need to know the information.

The superintendent or designee will inform district employees with a need to know of any act committed or allegedly committed by a student in the district that is reported to the district by a juvenile officer or an employee of the Children's Division (CD) of the Department of Social Services, sheriff, chief of police or other appropriate law enforcement authority in accordance with state law. Such reports shall not be used as the sole basis for denying educational services to a student.

REPORTING TO LAW ENFORCEMENT OFFICIALS (POLICY JGF)

Any crime listed in this section or any act that if committed by an adult would be a crime listed in this section that is committed on school property, on any school transportation, or at any school activity must be reported immediately by the appropriate school administrator to the appropriate law enforcement agency. STUDENT DISCIPLINE RECORDS (POLICY JGF)

The Board of Education directs the superintendent or designee to compile and maintain records of any serious violation of the district's discipline policy for each student enrolled in the district. Such records shall be made available to teachers and other school district employees with a need to know and shall be provided in accordance with state law to any District in which the student subsequently attempts to enroll within five (5) business days of receiving the request. Personally, identifiable student records will only be released or destroyed in accordance with state and federal law.

Students currently receiving special education services will be disciplined in the same manner as other members of the student body except as noted on the student's Individual Education Program (IEP). For those students who are receiving services from the Special School District, a discipline hearing will be held first, followed by a Manifestation Determination to determine whether or not the violation is related to the student's disability. The hearing officer will then submit a detailed report of the hearing to the appropriate assistant superintendent and the superintendent.

The superintendent will then decide if any further disciplinary action will be taken. That decision could include the possibility of suspension for up to 180 school days or a recommendation to the Board of Education for expulsion.

Rights and Responsibilities of Students, Parents, and School Staff

I. STUDENTS' RIGHTS

The educational community is a part of a triad of stakeholders striving to ensure quality education for our children. Each stakeholder (students, staff, and parents) is equally important to meet this challenge. It is impossible to list all the rights and responsibilities of stakeholders. The rights and responsibilities apply to all students, although special procedures must be followed in regard to disciplining students with disabilities. Special Considerations & Student Rights

Freedom from Discrimination, Harassment, and Bullying: Normandy Schools Collaborative does not discriminate on the basis of race, color, national origin, sex, sexual orientation, transgender identity, disability, religion, height, weight, citizenship, marital or family status, ancestry, genetic information, or any other legally protected category in its educational programs and activities, including employment and admissions.

The Right to Due Process: Due process safeguards must apply in instances where the behavior or rights of students are being evaluated. Students must be treated with fairness and in light of the total circumstances. Students have the right to be fully informed of the alleged breach of behavior and be provided an opportunity to respond to such charges. Any permanent record that results from the student's actions should clearly state whether the charges were or were not substantiated. The handbook sets forth the procedural rules for student discipline.

Make-up Work: Students removed from school for any disciplinary action are entitled to make-up work. Make-up work will be provided to the student via remote learning options and will have due dates in direct correlation with the amount of time directed for disciplinary reasons.

WHEN DO NORMANDY GUIDELINES BEGIN AND END?

Students who ride the bus or walk to school are under the supervision of the school while on their way to and from school. This includes bus stops, on the bus, on any District campus, or in any District building, while attending or participating in any school function either at the home school or away, and while participating in field trips or other school-sponsored activities.

Behavior that occurs off-campus that disrupts the academic process or threatens the safety of students and/or staff may be addressed as if the behavior occurred on campus.

Discipline Procedures and Due Process

When a student is suspected of behaviors that are violations of the Code of Conduct, the following process will be initiated:

- An investigation will be initiated to discover all pertinent factors relating to the occurrence. The investigation process will include the collection of information, to include written statements from the student(s) involved, school staff, and as many witnesses to the occurrence as possible. The principal or his/her designee will conduct this investigation.
- The student shall be advised of the specific behavior infraction and explanation of the known facts.
- The student shall be given the opportunity to admit or deny the behavior infraction and to present his/her version of the incident.
- If the student denies the behavior infraction, he/she shall be provided an explanation of the incident that forms the basis of the proposed disciplinary action. In such cases, the administration will get statements from as many witnesses to the occurrence as possible. Administrators will assist students with difficulties in providing statements, including concerns in writing.
- The student and his/her parent/legal guardian will be informed of the specific violation and an explanation of the known facts.
- After the investigation has been concluded, the parents will be informed by telephone, letter, email, or note prior to the date the student is expected to serve the consequence. At this time, the parent will also be notified if the school is recommending a discipline hearing.
- The student and his/her parent/legal guardian can access the student's disciplinary event and full disciplinary record through the SIS parent portal. They may also request a copy of the student's disciplinary record from the school.
- Only in an emergency will a principal detain a student without parental notification.
- A student may be removed from school immediately at the discretion of the principal, assistant superintendent, or superintendent if the student poses a threat of harm to other students or staff.
- If there is a violation of the law, the School Resource Officer (SRO) or police shall be notified. The parent/legal guardian and Assistant Superintendent shall be notified accordingly.
- If a disciplinary hearing has been requested, the discipline hearing officer will schedule a discipline hearing (DH) and make a recommendation for additional suspension days up to 180 school days or expulsion. The purpose of the discipline

hearing is to verify the facts and provide the student and parents/legal guardians with an opportunity to present additional data or extenuating circumstances. The hearing officer will determine if additional days of suspension are warranted.

- If the parent has questions regarding a decision or the appeal process of a suspension of more than 10 days, they may contact the assistant superintendent of support services.
- Additional due process measures shall be taken as required by law with respect to students with disabilities.
- Parents/legal guardians shall be required to participate in a conference with teachers and/or administrator or administrator's designee prior to a student's return to school following a suspension for greater than ten (10) days or at the principal's discretion after suspensions for ten (10) days or less.
- Student discipline records are a part of the student's file and will be shared with the receiving school when a student transfers.

Explanation of Terms

Parents, students, teachers, and Normandy Schools Collaborative staff members (including teachers, administrators, and other staff) have the right to expect that schools will provide an atmosphere that is safe, cooperative, respectful, and therefore, conducive to learning. Board of Education Policies are located on our website at www.normandysc.org.

In this document, the assignment of detention will be either before or after school for elementary students. The assignment of detention will be either after school or on Saturday mornings for middle and high school students. The assignment of a suspension could be “in-school” or “out-of-school” except where specified. All references to the number of suspension days in the Code of Conduct will specifically be school days. For example: (a 10-day suspension means 10 school days, not calendar days.) NOTE: Students are not to be on any district campus or attend any district-sponsored event while on suspension.

When the Code of Conduct refers to the number of occurrences, the district considers the number of occurrences that happen in the same school year. (For example, if a student was in a fight in 6th grade and again in 8th grade, the second fight would be a first occurrence of the student’s 8th- grade year). It should be noted that repeated discipline infractions within a school year would result in more severe disciplinary action being taken when appropriate. This might include a suspension, discipline hearing (parent notification), or expulsion.

ACT OF SCHOOL VIOLENCE/VIOLENT BEHAVIOR

Act of school violence or violent behavior is defined as the exertion of physical force by a student with the intent to do serious physical injury to another person while on school property, including while on school transportation in service on behalf of the district or while involved in school activities.

BEHAVIOR CONTRACT/PLAN OR BEHAVIOR INTERVENTION PLAN

A behavior plan is defined as a document developed by students, parents, and staff to provide support for a student to address misbehavior and assist them in better decision-making.

CASA (Center for Academic and Social Advancement)

The Superintendent may offer another alternative to a long-term out-of-school suspension. This program is housed off campus and provides students an opportunity to continue their studies as well as to receive individual and group counseling. The student may attend CASA Site for a minimum period of one semester up to a maximum period of one school year. Transportation to and from the program is the responsibility of the parents. Parent involvement is mandatory.

CARE TEAM MEETING/STUDENT ASSISTANCE TEAM

A care team meeting is defined as a meeting between parents, teachers, counselors/social workers, and school officials to discuss the current academic, behavioral, social, or emotional status of a student. The outcome of this meeting is to develop a plan to support where all parties are accountable for supporting the student.

CHECK-IN CHECK-OUT

Check-in Check-out is defined as a process where a student checks in with a staff member at the beginning of the school day to receive support, and they check back with that staff member at the end of the day to share how their day went. This process is documented by the staff member and shared with the parent as needed.

CONFLICT MEDIATION (PEER AND/OR ADULT-DIRECTED)

Mediation is defined as a meeting between two parties to address an area of concern, with the outcome being that each will understand the other's perspective and make better choices moving forward. This may be facilitated by a staff member or a student peer leader.

CORPORAL PUNISHMENT (PROHIBITED)

Corporal punishment is defined as the use of physical punishment as a consequence of misconduct. No person employed by or volunteering on behalf of the Normandy Schools Collaborative shall administer or cause to be administered corporal punishment upon a student attending District schools.

A staff member may, however, use reasonable physical force to restrain a student if it is essential (after proper Non-Violent Crisis Prevention Training) for the preservation of order or for the protection of self, other persons, or the property of the school district. The appropriate administrator will be notified immediately.

COUNSELOR/SOCIAL WORKER INTERVENTION

A referral is made to the counselor and/or social worker to provide the student with social and emotional support in dealing with and/or addressing an issue.

DETENTION

Detention is defined as a period of time after school or on Saturday that is provided for students who have minor violations.

DISCIPLINE HEARING (DH)

A Discipline Hearing is defined as a meeting convened when a principal has requested a suspension of more than 10 days. The purpose of this discipline hearing is to verify the facts and provide the student, parents, and school with an opportunity to present additional data or extenuating circumstances.

When a student is referred to a discipline hearing, the student will be suspended out-of-school (OSS) until the hearing is convened within 10 school days. After a detailed report has been submitted to the Hearing Officer regarding the incident, the Hearing Officer will then make a

decision concerning further disciplinary action. The Hearing Officer's decision may include the possibility of a suspension for up to 180 school days or a recommendation to the Board of Education for suspensions in excess of 180 days or expulsion.

When a student is referred to a discipline hearing, the student will be suspended out-of-school until the discipline hearing is held and the Hearing Officer has made a decision concerning further disciplinary action.

HALL PASS

The hall pass is defined as the permit used when it is necessary for a student to go from one building location to another with authorization from a staff member. The hall pass is to be issued only when, in the judgment of the staff, there is a real need.

IN-SCHOOL SUSPENSION (ISS)

Behavior management program for student misbehavior aimed at keeping students in school to complete their work while being isolated from the rest of the student body. ISS is used as a school punishment for infractions that are not severe enough for suspension but require behavior remediation. Students who are in violation of school rules and regulations can expect to be temporarily assigned to the ISS classroom where they will be supervised by school personnel or a teacher.

MISCONDUCT

Misconduct is defined as any violation of policies, expectations, and regulations established by the Board of Education.

NEED TO KNOW (POLICY JGF)

Need to know is defined as the right of all school personnel who are directly responsible for the student's education or who otherwise interacts with him/her, to be aware of the student's discipline record, issues, and needs.

PARENT CONFERENCE

A parent conference is defined as a meeting between parents/legal guardians, students, and school officials to discuss the current academic, behavioral, social, or emotional status of a student.

PARENT CONTACT

Parent contact is defined as any communication, in either written or verbal form, between parents/legal guardians and school officials to discuss the current academic, behavioral, social, or emotional status of a student.

REFERRAL TO AN OUTSIDE AGENCY

Referral to an outside agency is defined as a recommendation from an administrator or counselor for a student and/or family to receive counseling and/or social service support from an agency outside of the school setting, i.e., Family Solutions for Kids, Lutheran Family Services, DePaul SSM Behavioral Health Services, etc.

RESTORATIVE CONFERENCE/CIRCLE

The restorative practice concept has its roots in restorative justice, a way of looking at criminal justice that focuses on repairing the harm done to people and relationships rather than on punishing offenders. Students are provided with restorative questions that address their behavior. The other questions address someone who was harmed by another's actions.

RE-TEACH EXPECTATIONS

Re-teaching expectations are defined as teaching building-wide behavioral expectations to a student which have been taught earlier in the school year to reinforce the importance of positive decision-making.

SAFE TOUCH/SAFE-T/SAFE TEEN TRAINING

Safe Touch, Safe-T, and Safe Teen are programs taught to students about appropriate and inappropriate touching and who to contact if they are touched inappropriately. This program is provided by the Jewish Family and Children's Service.

SCHOOL PROPERTY

School property is defined as any physical asset utilized, supervised, rented, leased, or controlled by the school district, including, but not limited to, school playgrounds, parking lots, school buses, and any property on which any school activity takes place.

SCHOOL RESOURCE OFFICER INTERVENTION

School Resource Officer (SRO) intervention is defined as a situation where the administration of a school makes the SRO aware of any unsafe and/or illegal situation which occurs in the building. School administration will share the interventions to be implemented.

SELLING/SOLICITATION

Selling is defined as the sale of items not approved by the school principal. Solicitation is defined as requesting a member of the school community to purchase goods or services or distributing flyers without the approval of the school principal.

SOCIAL SKILLS INSTRUCTION

Social skills instruction is defined as a situation where a staff member teaches a student appropriate and expected social behavior.

STUDENT IDENTIFICATION BADGES

A student identification badge is defined as the badge/tag issued by the school to be worn by the student for identifying a person as a student. The Student Identification tag must be worn around the neck on a school-issued lanyard, except in cases when it presents a safety hazard. The student must replace lost or defaced IDs and lanyards for additional costs. Failure to pay fines could impact participation in school-related activities.

SUSPENSION AND REMOVAL (POLICY JGD)

The terms “suspension” and/or “removal” is defined as exclusion from school that will not exceed a specific period of time and shall be subject to the due process procedures set forth for “suspensions” in this policy. Suspension may be in-school or out-of-school. Regarding in-school-suspension, the student is deprived of attending regular classes, participating in co-curricular activities or school-sponsored functions whether on campus or at another facility for the determined number of days, but the student is expected to attend school, report to the in-school suspension room, complete assignments and behave appropriately. Regarding out-of-school suspension, the student is deprived of all the privileges of attending school, participating in classes, participating in or attending any co-curricular activities or school-sponsored functions whether on campus or at another facility for a determined number of days up to and including 180 school days. Students who have been suspended may not be on any school district property or attend any Normandy Schools Collaborative function whether on-campus or off-campus during the period of the suspension unless authorized to do so by the superintendent or principal.

The term “expulsion” is defined as exclusion for an infinite period. Procedures that should be followed to suspend a student differ from those that are required to expel a student. A principal may suspend a student for up to ten (10) school days. A superintendent may suspend a student for up to one hundred eighty (180) school days. The NSC Joint Executive Governing Board (JEGB) may expel a student.

Any student suspended after the third occurrence shall be strongly encouraged to attend a family meeting with a District social worker, counselor, and administrator prior to being readmitted.

Additional procedures for discipline for students with disabilities are sometimes required, as discussed in policy JGE, Discipline of Students with Disabilities. The District honors suspensions and expulsions from another in-state or out-of-state school district, including a private, charter, or parochial school or school district pursuant to law and policy JEC.

INFRACTIONS

For each infraction, the school administrator(s) is allowed to use professional discretion when assigning consequences within the guidelines described in this document. The administrator reviews the whole student in order to get to the root of the concern and possibly prevent future infractions of the same nature. This may mean consequences will cater to the individual student. The consequences can vary based on the range of options laid out for each referral and each offense.
