#### **Camp and Covid 19**

Students should stay home from camp if they are too sick for school. Staying home protects other students and staff from any potential illness, not just COVID-19. The district's *Too Sick for School* tool is located on the Health Services tab of the district website. If you are ever unsure if your student should come to school, please give us a call and we can help you through the process.

Although there are no specific changes to our guidance during camp, we strongly recommend students wear masks and continue practicing good hygiene. If your student becomes ill or displays any COVID-19 symptoms, we will contact you to come pick up your student from camp.

If your student tests positive for COVID-19, please notify the school right away so that we can help determine when they will be cleared to return to school. We follow the most recent guidance from the Department of Health and update our procedures whenever needed.
