# ORGANIZATIONAL OVERVIEW

## BUDGET OVERVIEW

Budgeting is an essential element of the financial planning, control, and evaluation process. The “operating budget” is the Academy’s annual financial operating plan. The budget includes all the operating departments of the Academy included in the General Fund. Special Revenues Funds are not adopted by the governing body and are therefore, not included in this document for adoption. The budget is prepared with the cooperation of Academy departments and is submitted to the Head of School, who makes any necessary changes and transmits the document to the Board of Trustees. A budget preparation calendar and timetable are established and followed in accordance with State law.

A “bottom-up” approach is used to solicit input from the Instructional Leadership Team as to their operational needs with an emphasis on:

- Identifying costs to provide the current level of services.
- Identifies additional cost increases needed to maintain the current level of service.
- Additional resources necessary to provide new or increased levels of service.
- Delineating changes in fund balance levels for each fund.

The following procedures, which are guided by generally accepted budgeting practices, have been established:

- The annual operating budget presents appropriations of expenditures and estimates of revenues for all government funds. These revenues include federal, state, and local revenues.
- The annual operating budget illustrates expenditures, anticipated revenues, and the estimated impact on reserves.
- Budgets for each function are broken down into specific object codes, including payroll and payroll related, professional and contracted services, supplies and materials, other operating costs, and debt service.
- Revenue projections are prepared for each revenue source based on an analysis of historical revenue trends and current fiscal conditions.
- Goals and objectives have been developed and are incorporated into the evaluation of employees and performance of the organization.
- A budget message summarizing local financial conditions and principal budget issues is presented to the governing board along with the annual budget.

## BUDGET PROCESS

The Academy’s fiscal year begins each year on September 1st and ends on August 31st of the following calendar year. Prior to the beginning of the fiscal year, the Head of School must submit a budget to the Board of Trustees which includes:

- A budget message;
- A consolidated statement of anticipated revenues and expenditures for all funds;
- Resources for General Fund in detail;
- A summary of expenditures by function and object code; and
- Detailed estimates of expenditures shown separately to support expenditures.

The budget preparation process begins early in the calendar year with the establishment of overall Academy goals, objectives, and analysis of current year operations compared to expenditures.

- Budget policies and procedures are reviewed at the same time to reduce errors and omissions.
- In May, the Finance Department prepares budget forms and instructions for estimating revenues and expenditures.

## ORGANIZATIONAL OVERVIEW

- The Instructional Leadership Team submits baseline expenditures for current service levels and any additional one-time or on-going request they may have for their department.
- A round-table meeting is subsequently held with the Head of School, the Finance staff, and the Instructional Leadership Team for review.
- After all funding levels are established and agreed upon the budget is presented to the Board of Trustees.
- A public hearing on the budget is conducted in accordance with state and local law.
- This meeting is held after the Board has reviewed the budget during a workshop.
- The Board of Trustees approves a level of expenditure (or appropriation) for each fund to go into effect on September 1st, prior to the expenditure of any Academy funds for that budget year.

### BUDGET TIMELINE

## INFORMATIONAL OVERVIEW

### BENCHMARK DATA

For 2020, Westlake Academy was awarded  (4.5) star rating from Texas State Comptroller's FAST School District Rating System for providing quality education at a reasonable per student cost. Benchmarking against surrounding Tarrant County charter schools, Westlake Academy's composite academic progress exceeds its peers while its adjusted spending per student is slightly higher. As Westlake's enrollment increases, efficiencies will further improve and will reduce per student cost.

# LEGAL AUTONOMY

Westlake Academy is owned and operated by the Town of Westlake. It is the only municipally owned and operated open enrollment K-12 charter school in the State of Texas. The Texas Education Agency (TEA) awarded the Town of Westlake a Generation 7 Charter for Westlake Academy in the spring of 2001, allowing the doors to open in the fall of 2003 with 232 students. The TEA renewed the charter in 2016 for another 10 years. With over 875 students, the school is the largest operating department of the town.

Westlake Academy is governed by a six (6) member Board of Trustees comprised of the Board President and five (5) Trustees. Members of the Board of Trustees also serve concurrently as members the Town Council, the governing body for municipal government of the Town of Westlake. The President of the Board of Trustees is also the Town's Mayor. Town Council members/Trustees serve two (2) year overlapping terms of office and are responsible for the governance of Westlake Academy, including adopting policies related to its educational services and programs, as well as establishing its finances via approval of the Academy and Town annual budgets.

While Westlake Academy is a department of the Town government it is its own **financial reporting entity as defined by the GASB in its Statement No. 14, "The Financial Reporting Entity."** The Academy prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Government Accounting Standards Board (GASB) and other authoritative sources identified in *Statement on Auditing Standards No. 69* of the American Institute of Certified Public Accountants. It also complies with the Texas Education Agency's Financial Accountability System Resource Guide, the terms of contracts and grants from which it receives funds.

The Academy's basic financial statements include a separate entity that is controlled by or dependent on the Academy. The determination to include separate entities is based on the criteria of GASB Statement No. 24, "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units." GASB defines the reporting entity as the primary government and those component units for which the primary government is financially accountable.

To be financially accountable, a voting majority of the component unit's ruling body must be appointed by the primary government, and either

- the primary government can impose its will, or
- the primary government may potentially benefit financially or be financially responsible for the component unit.

# WESTLAKE ACADEMY OVERVIEW

Westlake Academy is an open enrollment charter school that offers the full IB curriculum for grades K-12. For FY23 the Academy will be able to serve approximately 875 students.

Westlake Academy is a premier learning establishment and prides itself on providing a learning environment where students have the resources and facilities to excel. The programs of the International Baccalaureate Organization (Primary Years Program, Middle Years Program, Diploma Program) have been selected as the educational model utilized at the Academy. Educational technology will be pervasive and will infuse the classroom curriculum. Westlake Academy continues to have excellent academic and extra-curricular results and is ranked among the best high schools in America. Westlake Academy distinguishes itself among neighboring educational offerings with a particular focus on producing students who are globally minded.

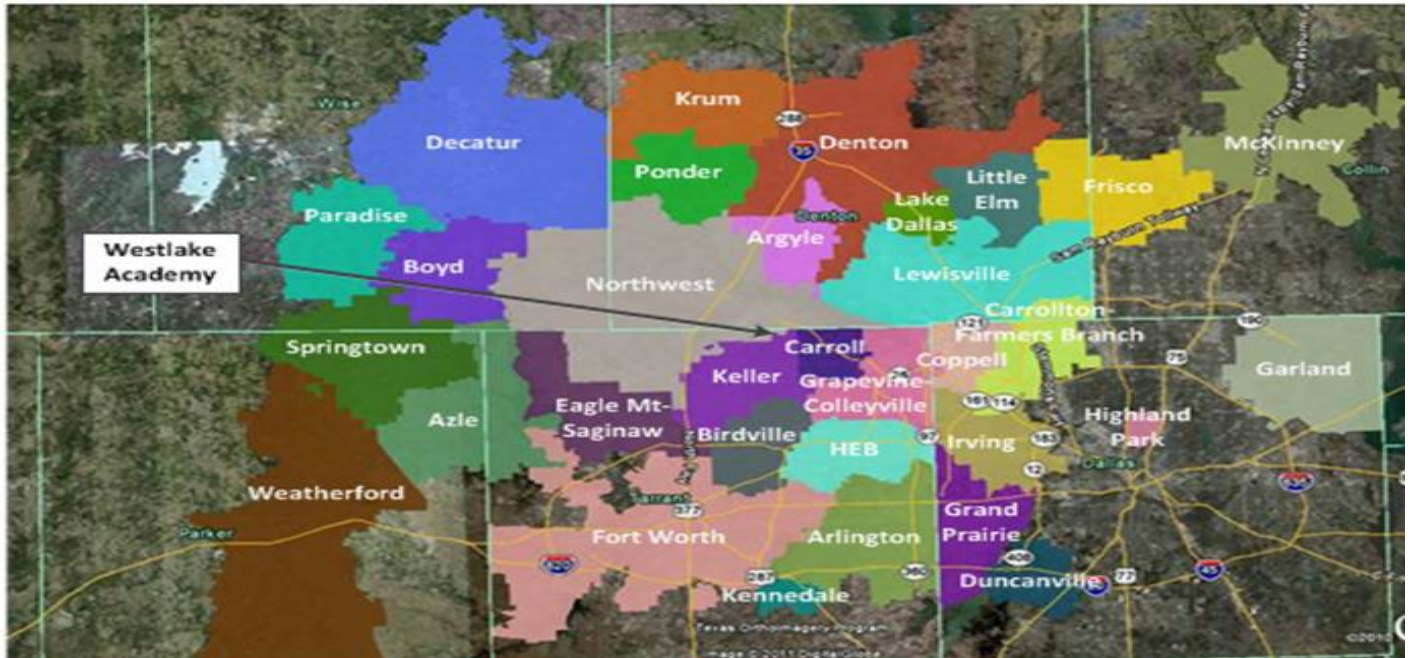

## Geographic Area Served

As an open enrollment charter school, the only requirement for admittance into the Academy is based upon student residency. Westlake Academy admits students from two distinct geographic areas called "primary" and "secondary" boundaries:

- PRIMARY boundary: concurrent with geographic boundary of the Town of Westlake
- SECONDARY boundary: adopted by the Board of Trustees and approved by the Texas Education Agency in June 2008 currently includes these specific Independent School Districts:

Argyle ISD	Duncanville ISD	Krum ISD
Arlington ISD	Eagle Mountain-Saginaw ISD	Lake Dallas ISD
Azle ISD	Fort Worth ISD	Lewisville ISD
Birdville ISD	Frisco ISD, Garland ISD	Little Elm ISD
Boyd ISD	Grand Prairie ISD	McKinney ISD
Carroll ISD	Grapevine-Colleyville ISD	Northwest ISD
Coppell ISD	Highland Park ISD	Paradise ISD
Carrollton-Farmers Branch ISD	Hurst-Euless-Bedford ISD	Ponder ISD
Decatur ISD	Irving ISD	Springtown ISD
Denton ISD	Keller ISD	Weatherford ISD

# WESTLAKE ACADEMY OVERVIEW

Students residing in the primary boundary are admitted upon the completion of the Westlake Residency Application and upon Town of Westlake approval of the enrollment packet. While any school-age child residing within Westlake can attend the Academy, demand for entrance exceeding capacity may necessitate that child being placed on the waiting list.

Applications from students residing in the secondary boundaries are accepted beginning December 1 through January 31 for the upcoming school year. The random selection lottery is held in mid-February. Applications may be submitted anytime, however, if they are submitted after January 31, those applicants will be placed at the bottom of the grade level lists. While any school-age child residing within these district boundaries can attend the Academy, demand for entrance exceeding capacity may necessitate that child being placed on the waiting list.

Westlake Academy does not discriminate in admissions based on gender, national origin, ethnicity, religion, disability, academic, artistic, athletic ability, or the district the child would otherwise attend.

# FUND BALANCE COMPONENTS

In February 2009, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement established five components of fund balance and because circumstances differ among governments, not everyone will report all components. GASB 54 shifts the focus of fund balance reporting from the availability of fund resources for budgeting to “the extent to which the government is bound to honor constraints on the specific purposes for which amounts in the fund can be spent.”

- **Fund Balance Reporting** - The Academy shall report governmental fund balances per GASB 54 definitions in the balance sheet as follows: Non-spendable, Restricted, Committed, Assigned, Unassigned
- **General Fund Unassigned Fund Balance** - The Academy shall strive to maintain the General Fund unassigned fund balance at 45 days of operation.
- **Use of Fund Balance** - Fund Balance will be targeted to only be used with Board approval and can only be used for the following: emergencies, non-recurring expenditures, such as technology/FF&E (furniture, fixtures and equipment), or major capital purchases that cannot be accommodated through current year savings. Should such use reduce the balance below the appropriate level set as the objective for that fund, recommendations will be made on how to restore it.
- **Approval of Commitments** - The Board of Trustees shall approve all commitments by formal action.
  - The action to commit funds must occur prior to fiscal year-end, to report such commitments in the balance sheet of the respective period, even though the amount may be determined after fiscal year-end.
  - A commitment can only be modified or removed by the same formal action.
  - The Board of Trustees delegates the responsibility to assign funds to the Head of School or his/her designee.
  - The Board of Trustees shall have the authority to assign any number of funds.
  - Assignments may occur after fiscal year-end.
  - The Board of Trustees will utilize funds in the following spending order: Restricted, Committed, Assigned, and Unassigned.

The following items are Assigned in the Westlake Academy Budget; Technology, Furniture, Fixtures & Equipment Replacement, and Uniforms & Equipment Replacement

NONSPENDABLE FUND BALANCE	RESTRICTED FUND BALANCE	ASSIGNED FUND BALANCE	UNASSIGNED FUND BALANCE	COMMITTED FUND BALANCE
• Portion of net resources that cannot be spent because of their form and because they must be maintained intact.	• This term will be used to describe net fund resources subject to externally enforceable legal restrictions.	• This term is used to describe the portion of fund balance that reflects a government's intended use of resources.	• The residual net resources in excess of what is properly categorized in one of the other four categories.	• The portion of fund balance constrained by limitations imposed by government at its highest level and remains binding unless removed in the same manner.

# BUDGET OVERVIEW AND PROCESS

Projecting the budget allocations of the Academy is a continual process that responds to the changing needs of the Academy students and staff as well as variations in the fiscal environment such as State funding. The development of the Academy budget for fiscal year 2022/23 began in February 2022, presented at a Westlake Board of Trustees meeting in June 2022 for additional input, and proposed for adopted in August 2022.

The Academy approach to balancing the combination of fast student growth in a restricted funding environment along with increasing academic standards requires that the budget process be instructionally driven and guided by the Academy's Strategic Plan. During the budget development process, the staff reviewed all revenues and expenditures and focused on aligning the allocation of resources, both personnel and financial, with the accomplishment of established goals and outcome objectives contained in our Strategy Map.

The Board of Trustees regularly receives quarterly budget updates, some of which are detailed in the trend analysis and the five-year financial forecast discussed later in this document. Upon receipt of the adopted annual budget, the Board holds budget workshops to review adopted changes, their associated outcomes for the next fiscal year, as well as their impact in a five (5) year financial forecast.

Following is a summary of the nine main steps taken in preparation of the adopted budget:

1. *Budget Preparation*
2. *Fund Types and Structure*
3. *Basis of Accounting and Budgeting*
4. *The Budget Process*
5. *Balanced Budget*
6. *Budget Amendments*
7. *Budget Adoption*
8. *Long Term Forecasting*
9. *Budget Calendar*

## BUDGET PREPARATION

As in previous years, efforts have been made to control expenditures while continuing to deliver an excellent level of service to our citizens. Concentrated efforts have been made to produce a document that clearly illustrates the uses of Academy resources in a format that may be utilized as a resource tool by the Board of Trustees, Academy staff, and the citizens of Westlake. Our budget preparation process continues to be refined on an annual basis, operating within clearly defined budget preparation guidelines.

Budgeting is an essential element of the financial planning, control, and evaluation process. The "operating budget" is the Academy's annual financial operating plan. The budget includes all the operating departments of the Academy included in the General Fund. The budget is prepared with the cooperation of all Academy departments and is submitted to the Head of School who makes any necessary changes and transmits the document to the Board of Trustees. A budget preparation calendar and timetable are established and followed in accordance with State law.

**A "bottom-up" approach is used to solicit input from the staff leadership team as to their operations' needs with an emphasis on:**

- Identifying costs to provide the current level of services.
- Identifies additional cost increases needed to maintain the current level of service.
- Additional resources necessary to provide new or increased levels of service.
- Delineating changes in fund balance levels for each fund.

# BUDGET OVERVIEW AND PROCESS

The following procedures, which are guided by generally accepted budgeting practices, have been established:

- The annual operating budget presents appropriations of expenditures and estimates of revenues for all government funds. These revenues include federal, state, and local revenues.
- The annual operating budget illustrates expenditures, anticipated revenues, and the estimated impact on reserves.
- Budgets for each function are broken down into specific object codes, including payroll and payroll related, professional and contracted services, supplies and materials, other operating costs, and debt service.
- Revenue projections are prepared for each revenue source based on an analysis of historical revenue trends and current fiscal conditions.
- Goals and objectives have been developed and are incorporated into the evaluation of employees and performance of the organization.
- A budget message summarizing local financial conditions and principal budget issues is presented to the governing board along with the annual budget.

## BUDGET CALENDAR

The Budget Process covers the financial cycle starting with budget planning and ending with the audited annual financial report.

Timeline	Description of Activities
October - December	Strategic Plan review and development occurs
December	Westlake Academy Instructional Leadership Team (ILT) begins planning upcoming budget
January	ILT meets with Westlake Academy affiliates for joint planning
Jan - March	Review and develop Capital Improvement Plan, Five-Year Projection, and Personnel Cost Estimates
April	Develop improvement plans for each grade level and department
May	Strategic Plan preparation process occurs; preliminary budgets developed
June	Board of Trustees (BOT) Budget Retreat
July	Current budget review; budget amendments for current year if necessary
August	BOT consideration and adoption of Westlake Academy Budget for Upcoming School Year
October	Annual financial audit

## BALANCED BUDGET

As per State Law, current operating revenues will be sufficient to support current operating expenditures. Annually recurring revenue will not be less than annually recurring operating budget expenditures. Debt or bond financing will not be used to finance current expenditures.

## FUND TYPES AND STRUCTURE

The accounts of the Academy are organized and operated on a basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds per their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

# BUDGET OVERVIEW AND PROCESS

Academy funds are classified into the following two categories:

- **GOVERNMENTAL FUNDS** - The funds are used to account for the Academy's general government activities, including the collection and disbursement of specific or legally restricted monies. Governmental funds use the flow of current financial resources measurement focus and the modified accrual basis of accounting.
  - **The General Fund** is the Academy's primary operating fund. It accounts for all financial resources of the Academy, except those required to be accounted for in another fund.
  - **Special Revenue Funds** account for the revenue sources that are legally restricted to expenditures for specific purposes.
- **FIDUCIARY FUNDS** - The fund's account for resources that are held in trust for individuals or other governments, in this case monies that are held in a custodial capacity for the benefit of student organizations

## BASIS OF BUDGETING AND ACCOUNTING

The term basis of budgeting is used to describe when events or transactions are recorded and recognized.

In the Modified Accrual Basis -

- revenues are recognized in the period when they became available and measurable
- expenditures are recognized when the liability is incurred

In the Accrual Basis -

- revenues are recorded when earned
- expenses when the liability is incurred

The basis of budgeting and accounting is shown in the chart to the right:	Governmental Fund	Annual Operating Budget	Audited Financial Statements
	General Fund	Modified Accrual	Modified Accrual
	Special Revenue Funds	Modified Accrual	Modified Accrual

Budgets are prepared on the same basis of accounting that is used in financial statements. The basis of budgeting refers to when revenues and expenditures are recognized in the corresponding accounts and reported in financial statements. Governmental fund types, including the general fund, are budgeted using the Current Financial Resources Measurement Focus and the Modified Accrual Basis of Accounting. Westlake Academy's only Fiduciary Fund (the Agency Fund, described below) is not a budgeted fund.

Under the modified accrual basis of accounting, revenue is recognized when it becomes susceptible to accrual, i.e., when it becomes measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Academy considers revenues available if they are collected within 60 days after year-end. Expenditures are recognized when the related fund liability is incurred.

- Foundation State Program (FSP) funds are susceptible to accrual.
- Miscellaneous revenue items, which are not susceptible to accrual, are recognized as revenue only as they are received in cash.
- Entitlements and grants are recognized as revenue at the time of receipt or earlier if the susceptible to accrual criteria are met.
- Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

# BUDGET OVERVIEW AND PROCESS

## THE BUDGET PROCESS

The Academy's fiscal year begins each year on September 1st and ends on August 31st of the following calendar year. Prior to the beginning of the fiscal year, the Head of School must submit a budget to the Board of Trustees which includes:

- A budget message
- A consolidated statement of anticipated revenues and expenditures for all funds.
- Resources for General Fund in detail.
- A summary of expenditures by function and object code.
- Detailed estimates of expenditures shown separately to support expenditures.

The budget preparation process begins early in the calendar year with the establishment of overall Academy goals, objectives, and analysis of current year operations compared to expenditures.

- Budget policies and procedures are reviewed at the same time to reduce errors and omissions.
- In May, the Finance Department prepares budget forms and instructions for estimating revenues and expenditures.
- Leadership Team members submit baseline expenditures for current service levels and any additional one-time or on-going request they may have for their department.
- A round-table meeting is subsequently held with the Head of School, the Finance team, and the Instructional Leadership Team for review.
- After all funding levels are established and agreed upon the budget is presented to the Board of Trustees.
- A public hearing on the budget is conducted in accordance with state and local law.
- This meeting is held after the Board has reviewed the budget during a workshop.
- The Board of Trustees approves a level of expenditure (or appropriation) for each fund to go into effect on September 1st, prior to the expenditure of any Academy funds for that budget year.

## BUDGET AMENDMENT PROCESS

The Head of School may request that the current year budget be amended at the function level. In this process:

- Budget amendments moving funds between functions will be approved by the Board of Trustees.
- Often, these amendments influence the shaping of the current budget as actual trends in revenues and expenditures are realized and accounted for at that time. Program principals and coordinators are responsible for monitoring their respective programme budgets.
- The Finance Department will monitor all financial operations and will decide whether to proceed with a budget amendment.
- The Final Amended Budget for the Year Ending August 31, 2021 will be submitted at the August 2021 Board meeting.

# BUDGET OVERVIEW AND PROCESS

## LONG TERM FORECASTING

Most annual operating budget documents focus on a single 12-month period where spending and revenue decisions made today will have effects that extend beyond that fiscal year. Because of that, the Academy requires that long-term forecasting be made part of the Annual Operating Budget document.

The purpose of the policy is to:

- Ensure on-going financial sustainability beyond a single fiscal year or budget cycle
- Achieve the Academy's mission and vision
- Systematically link the annual budget to a multi-year master financial plan.

Should long term forecasts and analysis show that the school system does not have a "positive operating balance" over the multi-year period, the Academy shall bring this to the attention of the Head of School. A "positive operating balance" means that the ending fund balance meets or exceeds the minimum levels prescribed in the Academy's reserve policies. The policy states the Academy shall strive to maintain the General Fund unassigned fund balance at 45 days of operation. As can be seen below, the fund balance, if as projected, will decline yet remain more than the desired 45 days.

Fiscal Year	Positive Operating Balance	Fund Balance (unassigned)	Dollars Per Operating Day	Operating Days
FY 17/18 Audited	YES	\$ 1,066,515	\$ 23,238	46
FY 18/19 Audited	YES	1,334,747	23,784	56

FY 22/23 Projected	YES	1,908,542	27,057	75
FY 23/24 Projected	YES	2,020,998	27,277	78
FY 24/25 Projected	YES	2,135,130	27,498	79
FY 25/26 Projected	YES	2,174,518	27,498	79
FY 26/27 Projected	YES	2,551,017	26,725	95

## BUDGET ADOPTION

Legal requirements for charter school budgets are formulated by the state and the TEA. A Board typically adopts an appropriated budget on a basis consistent with GAAP for the general fund, debt service fund and child nutrition program (which is included in special revenue funds). However, **the Academy does not maintain a debt service fund or a child nutrition program; therefore, only the General Fund is legally required to be adopted.** Special Revenues Funds are not adopted by the governing body and are therefore, not included in this document for adoption.

At a minimum, the Academy is required to present the original and the final amended budgets for revenues and expenditures compared to actual revenues and expenditures for the General Fund. The Board of Trustees conducts the required public meeting and adopts the budget in August prior to beginning the fiscal year which runs from September 1st to August 31st.

## BUDGET OVERVIEW AND PROCESS

<b>Annual Budget</b>	<p>A budget is required to be adopted annually for the General Fund (Westlake Academy does not maintain a Debt Service Fund or child nutrition program). The budget is adopted on a basis consistent with generally accepted accounting principles. All appropriations lapse at fiscal year-end.</p> <p>On or before August 31st of each year, the Head of School submits for review by the Board of Trustees a budget for the upcoming school year. After reviewing the budget and holding public meetings as necessary, the final budget is prepared and adopted.</p> <p>The appropriated budget is prepared by fund and function. The Board may make transfers between functions within a fund and may amend the total budget following the same procedures required to adopt the original budget. The legal level of budgetary control is at the fund level.</p>
<b>Key Revenues</b>	<p>Public charter schools in the State of Texas do not have taxing authority, nor do they receive facility funding. Consequently, the Academy receives most General Fund revenues via the State Funded Foundation School Program (FSP) and is disproportionately affected by changes in FSP funding levels set by the Texas legislature.</p> <p>State funding of public education was decreased by the State Legislature in 2001. While it has increased somewhat since then, the allocation has not kept pace with basic cost increases. And, in the Legislature's most recent 2017 session, the per student funding for public education was not increased for the next biennium.</p> <p>Note that the amount of state aid received through the Foundation School Program is a function of the total number of students enrolled at the Academy as well as the additional funding from Career and Technical Education classes.</p>
<b>Key Expenditures</b>	<p>Compensation and benefits are the largest operating cost for Westlake Academy, comprise most total operating expenditures. The current forecast assumes no further expansions of curriculum or other programme areas that would necessitate additional staff. Other costs including utilities, supplies, and professional services are held at 1% unless additional revenue sources are realized.</p>
<b>Fund Balance</b>	<p>The Head of School and Board of Trustees are devoted to safeguarding and improving the financial condition of Westlake Academy. The Academy shall strive to maintain an unassigned General Fund Balance of 45 days of operation, and Fund Balance monies will only be used with Board approval for specific needs. Board policy stipulates that all future increases in expenditures must be offset by new or additional revenues. A full listing of Fund Balance policies can be found at the end of this section.</p>

# FINANCIAL FORECAST ASSUMPTIONS

## Student Enrollment Assumptions:

- Maintain an 875-student enrollment count from FY 2021-22 for FY 2022-23.
- Student enrollment is expected to increase in future years due to continued residential growth.
- Expected Average Daily Attendance (ADA) rate of 97%.

## Revenues:

- 100% use of Westlake Academy Foundation (WAF) Annual Program revenues (proposed \$1.03 million).
- Future revenue projections are based on the student ADA, which is used to calculate the cost of public education for the next biennium. With the aftermath of the pandemic, revenues are expected to remain flat for FY 2022-23 and are calculated based on the ADA from the prior year. Although preliminary projections show an \$8K decrease over the prior year, this will change when FY 2022-23 ADA calculations become available.
- Charter schools do not have taxing authority, making them reliant upon state and local funding sources.
- As an open enrollment charter school all State funding is determined each legislative session and channeled to Westlake Academy through the Foundation School Program (FSP).

Charter schools are funded based on their weighted average daily attendance (WADA). A school's WADA is determined not only by the number of students attending, but by their participation in special programs, such as special education and career and technology:

- Most Academy General Fund revenue is derived from the Texas Foundation School Program.
- Secondary sources include Westlake Academy Foundation's Blacksmith Campaign, which is expected to raise \$1.03M in FY 2022-23.
- Growth in local revenues has been significant and is a result of strong parent and community support of the Academy.

## Expenditures:

- Personnel costs are estimated to increase by an average 6% for Teachers, Counselors, Librarians, Nurses & Diagnosticians, Administrators and Support Staff.
- Due to the uncertainty of state funding, professional services, supplies and other operating expenditures are expected to decrease by \$140K over the prior year. These expenditures are being held flat in outer years and will only increase if revenues increase to offset additional expenditures.
- House Bill 3 mandates remain in effect as the grade kindergarten through 3<sup>rd</sup> Reading Academy training continues in FY 2022-23 and will continue as needed for new teachers.
- ESSER III-Supplement funds were granted to the Academy in FY 2021-22 and will continue through FY 2022-23. Funds are used for intensive education supports for students not performing satisfactorily due to the pandemic. Supplemental funds will also be used to address accelerated instruction for lost instructional time. Funding needed after FY23 will need to be absorbed in the General Fund, if needed. # FISCAL & BUDGETARY POLICIES

## I. STATEMENT OF PURPOSE

The broader intent of the following Fiscal and Budgetary Policy Statements is to enable the Academy to achieve a long-term stable and positive financial condition. The watchwords of the Academy's financial management include integrity, prudent, stewardship, planning, accountability, and full disclosure.

The more specific purpose is to provide guidelines to the Finance Director in planning and directing the Academy's day-to-day financial affairs and in developing recommendations to the Academy Head of School or his designate and Academy Board of Trustees.

The scope of these policies generally spans, among other issues, accounting, purchasing, auditing, financial reporting, internal controls, operating budgeting, revenue management, cash and investment management, expenditure control, asset management, debt management, and planning concepts, to:

- Present fairly and with full disclosure the financial position and results of the financial operations of the Academy in conformity with generally accepted accounting principles (GAAP), and
- Determine and demonstrate compliance with finance related legal and contractual issues in accordance with provisions of the Texas Local Government Code and other pertinent legal documents and mandates.

The Academy Board of Trustees will annually review and approve the Fiscal and Budgetary Policy Statements as part of the budget process.

## II. SUMMARY OF POLICY INTENDED OUTCOMES

This policy framework mandates pursuit of the following fiscal objectives:

1. **Operating Budget:** Prepare conservatively, estimate revenues, present and adopt the Academy's annual operating plan.
2. **Revenues Management:** Design, maintain and administer a revenue system that will assure a reliable, equitable, diversified and sufficient revenue stream to support desired Academy services.
3. **Expenditure Control:** Identify priority services, establish appropriate service levels and administer the expenditure of available resources necessary to assure fiscal stability and the effective and efficient delivery of services.
4. **Fund Balance:** Maintain the fund balance of the various operating funds at levels sufficient to protect the Academy's creditworthiness as well as its financial position from emergencies.
5. **Intergovernmental Relationships:** Coordinate efforts with other agencies to achieve common policy objectives, share the cost of providing governmental services on an equitable basis and support favorable legislation at the State and Federal level.
6. **Grants:** Seek, apply for and effectively administer Federal, State, and foundation grants-in-aid which address the Academy's current priorities and policy objectives.
7. **Fiscal Monitoring:** Prepare and present regular reports that analyze, evaluate, and forecast the Academy's financial performance and economic condition.

## FISCAL & BUDGETARY POLICIES

8. **Financial Consultants:** With available resources, seek out and employ the assistance of qualified financial advisors and consultants in the management and administration of the Academy's financial functions.
9. **Accounting, Auditing, and Financial Reporting:** Comply with prevailing Federal, State and local statutes and regulations. Conform to generally accepted accounting principles as promulgated by the Government Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA), and the Government Finance Officers Association (GFOA).
10. **Internal Controls:** To establish and maintain an internal control structure designed to provide reasonable assurances that the Academy's assets are safeguarded and that the possibilities for material errors in the Academy's financial records are minimized.

### III. OPERATING BUDGET

1. **Preparation** – Budgeting is an essential element of the financial planning, control, and evaluation process. The “operating budget” is the Academy's annual financial operating plan related to educational service instructional costs.

The Academy operating budget is legally required to include the Academy's General, Debt Service, and Food Service Funds. Currently, Westlake Academy only has one fund, the General Fund, which must be legally adopted annually. The Academy budgets the Special Revenue Funds for informational purposes only.

Information to be prepared includes documentation related to Service Level Adjustments (SLAs) for increases to existing service levels or additional services, position control schedules, general and administrative cost implications, etc. will be submitted and reviewed during the budget process. SLA's related to new position requests will include an assessment of their impact on additional internal services necessary to support these positions as it relates to General & Administrative (G&A) charges in the Academy budget (subject to funding availability) to fund these costs. A budget preparation calendar and timetable will be established and followed in accordance with State law.

2. **Revenue Estimates for Budgeting** - To maintain a stable level of services, the Academy shall use a conservative, objective, and analytical approach when preparing revenue estimates. The process shall include analysis of probable economic changes and their impacts on revenues, number of students, and trends in revenues. It will also include an assessment of the State legislative environment related to public charter school funding levels. This approach should reduce the likelihood of actual revenues falling short of budget estimates during the year and should avoid mid-year service reductions.
3. **Balanced Budget** – A balanced budget is a budget with total expenditures not exceeding total revenues and monies available in the fund balance within an individual fund.
4. **Proposed Budget Content and Process** – A proposed budget shall be prepared by the Head of School or his designate with the participation of the Academy's Leadership Team, Finance Director, and Academy staff, and then submitted to the Head of School for review. Following the Head of School's review, the proposed budget will be presented to the Board for its consideration. The proposed budget shall include five basic segments for review and evaluation:
  - personnel costs,
  - base budget for operations and maintenance costs,

## FISCAL & BUDGETARY POLICIES

- service level adjustments for increases of existing service levels or additional services,
- revenues, and
- General Administrative (G&A) costs.

The proposed budget review process shall include Board of Trustees review of each of the five segments of the proposed budget and a public hearing to allow for citizen participation in the budget preparation process. Concurrent with the Academy budget preparation, Town staff will identify and provide to the Board all direct Academy expenses contained in the Town's municipal budget. The proposed budget process shall allow sufficient time to provide review as well as address policy and fiscal issues by the Board of Trustees. A copy of the proposed budget shall be filed with the Town Secretary when it is submitted to the Board of Trustees as well as placed on the Academy's website.

5. **Budget Adoption** - Upon the determination and presentation of the final iteration of the proposed budget document as established by the Board of Trustees, a public hearing will be set and publicized. The Board will subsequently consider a resolution which, if adopted, such budget becomes the Academy's Annual Budget. The adopted budget will be effective for the fiscal year beginning September 1.
6. **Budget Amendments** – The Head of School or his designate and Finance Department will monitor all financial operations. A school district must amend the official budget before exceeding a functional expenditure category, i.e., instruction, administration, etc. in the total budget. If the Board decides a budget amendment is necessary, the amendment is adopted in resolution format and the necessary budgetary changes are then made.

Summary financial reports will be presented to the Board quarterly.

## IV. REVENUE MANAGEMENT

- A. **REVENUE DESIGN PARAMETERS.** The Academy will strive for the following optimum characteristics in its revenue system:
  1. **Simplicity** - The Academy, where possible and without sacrificing accuracy, will strive to keep the revenue system simple to reduce costs, achieve transparency, and increase parent and citizen understanding of Academy revenue sources.
  2. **Certainty** - A thorough knowledge and understanding of revenue sources increases the reliability of the revenue system.
  3. **Administration** - The benefits of a revenue source will exceed the cost of administering that revenue. Every effort will be made for the cost of administration to be reviewed annually for cost effectiveness as a part of the indirect cost and cost of service analysis.

## FISCAL & BUDGETARY POLICIES

4. **Equity** - The Academy shall make every effort to maintain equity in its revenue system: i.e. the Academy shall seek to minimize or eliminate all forms of subsidization between entities.
5. **Adequacy, Diversification and Stability** – To the extent practical, the Academy shall attempt to achieve a balance in its revenue system. The Academy shall also strive to maintain a balanced and diversified revenue system to protect the Academy from fluctuations in any one source due to changes in local economic conditions which adversely impact that source.

**B. REVENUE CLASSIFICATION AND SOURCES.** The revenues received by Westlake Academy are classified into one of three broad categories: Federal, State or Local and come from the following sources:

1. State Education Funding
2. State and Federal Grants
3. General Donations – The Academy recognizes that private donations comprise a significant part of the Westlake Academy budget. All funds received will become part of the budget and be subject to appropriation for Academy general operations.
  - Westlake Academy Foundation
  - House of Commons
  - Westlake Academy Athletic Club
  - Local Merchants
  - Specific Purpose Donations – Funds donated for a specific purpose

**C. REVENUE MONITORING.** Revenues as they are received will be regularly compared to budgeted revenues and variances will be investigated. This process will be summarized in the appropriate budget report.

2. **Current Funding Basis** - The Academy shall operate on a current funding basis. Expenditures shall be budgeted and controlled so as not to exceed current revenues plus the planned use of fund balance accumulated through prior year savings. (The use of fund balance shall be guided by the Fund Balance/Retained Earnings Policy Statements.)
3. **Avoidance of Operating Deficits** - The Academy shall take immediate corrective actions if at any time during the fiscal year expenditure and revenue re-estimates are such that an operating deficit (i.e., projected expenditures more than projected revenues) is projected at year-end. Corrective actions can include a hiring freeze, expenditure reductions, or use of fund balance within the Fund. Use of fund balance must be recommended by the Head of School and approved by the Board of Trustees.
  - Expenditure deferrals into the following fiscal year, short-term loans, or use of one-time revenue sources shall be avoided to balance the budget.
  - All service level adjustments that result in increases to the operating budget must be aligned with offsetting increases in operating revenues (FSP, Local Sources, etc.).

## FISCAL & BUDGETARY POLICIES

4. **Periodic Program Reviews** – The Head of School or his designate shall undertake periodic staff and third-party reviews of Academy programs for both efficiency and effectiveness. Where appropriate, privatization and contracting with other governmental agencies will be evaluated as alternative approaches to service delivery. Service delivery which is determined to be inefficient and/or ineffective shall be reduced in scope or eliminated.
5. **General and Administrative (G&A) Charges** – To the extent practical, an annual analysis of G&A charges will be performed and, if available, funding may be allocated at the Board's discretion. The analysis shall involve an objective consideration of the service demands currently being met by municipal staff to support Academy operations and a determination of factors that will continue to affect and increase the time needed for the performance of these services.

For example, new Academy staff requires additional support staff time to perform tasks related to insurance, payroll, etc. Where feasible, G&A costs will be charged to all funds for services of indirect general overhead costs, which may include general administration, finance, facility use, personnel, technology, engineering, legal counsel, and other costs as deemed appropriate.

If funding is not available, these costs will be shown below the line of the financial statement in the five-year financial forecast to promote transparency and provide the Board with a full cost accounting of services. The charges will be determined through an indirect cost allocation study following accepted practices and procedures.

6. **Purchasing** - The Academy shall make every effort to maximize any discounts offered by creditors/vendors. Staff shall also use purchasing cooperatives as well as competitive bidding in accordance with State law to attain the best possible price on goods and services.
7. **Prompt Payment** - All invoices will be paid within 30 days of receipt in accordance with the prompt payment requirements of State law.
8. **Salary** - The Academy shall strive to maintain competitive salary levels for faculty and staff. A salary survey will be conducted annually, sampling surrounding Independent School Districts and Charter Schools, to create a comparison. The Academy will strive to maintain salary levels within three percent (3%) of the median of surveyed schools.

### VI. FUND BALANCE

1. **Fund Balance Reporting** - The District shall report governmental fund balances per GASB 54 definitions in the balance sheet as follows: Non-spendable, Restricted, Committed, Assigned, and Unassigned.
2. **General Fund Unassigned Fund Balance (General Fund Reserve)** - The Academy shall strive to maintain the General Fund unassigned fund balance at 45 days of operation.
3. **Use of Fund Balance** - Fund Balance will be targeted to only be used with Board approval and can be only be used for the following: emergencies, non-recurring expenditures, such as technology/FF&E (furniture, fixtures and equipment), or major capital purchases that cannot be accommodated through current year savings. Should such use reduce the balance below the appropriate level set as the objective for that fund, recommendations will be made on how to restore it.

## FISCAL & BUDGETARY POLICIES

4. The Board of Trustees shall approve all commitments by formal action. The action to commit funds must occur prior to fiscal year-end, to report such commitments in the balance sheet of the respective period, even though the amount may be determined after fiscal year-end. A commitment can only be modified or removed by the same formal action. The Board of Trustees delegates the responsibility to assign funds to the Head of School or his/her designee. The Board of Trustees shall have the authority to assign any number of funds. Assignments may occur after fiscal year-end.
5. The Board of Trustees will utilize funds in the following spending order: Restricted, Committed, Assigned, and Unassigned.

### VII. INTERGOVERNMENTAL RELATIONSHIPS

### VIII. GRANTS

1. **Grant Guidelines** - The Academy shall apply, and facilitate the application by others, for only those grants that are consistent with the objectives and high priority needs previously identified by Academy Board of Trustees. The potential for incurring ongoing costs, to include the assumption of support for grant funded positions from local revenues, will be considered prior to applying for a grant.
2. **Grant Review** - All grant submittals shall be reviewed for their cash match requirements, their potential impact on the operating budget, and the extent to which they meet the Academy's policy objectives. If there are cash match requirements, the source of funding shall be identified prior to application. Staff will focus on one-time grants to avoid long-term implications related to additional expenditures in future years.
3. **Grant Program Termination** - The Academy shall terminate grant funded programs and associated positions when grant funds are no longer available unless alternate funding is identified and obtained.

1. **Financial Status and Performance Reports** - Quarterly reports comparing expenditures and revenues to current budget, noting the status of fund balances to include dollar amounts and percentages, and outlining any remedial actions necessary to maintain the Academy's financial position shall be prepared for review by the Head of School and the Board of Trustees. Student roster information will also be included in the quarter reports submitted to the Board of Trustees.
