SUPERINTENDENT'S MESSAGE

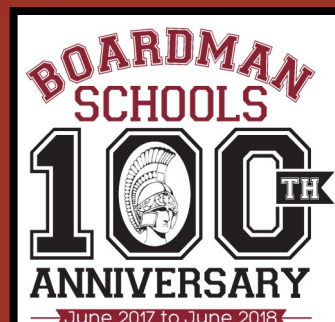

The 100th graduating class of Boardman High School received their diplomas on June 4, 2017. This landmark event is proof of the long-standing tradition of excellence that has been established in the Boardman Local Schools. The educational opportunities for our current students are quite different than those experienced by our first graduating class in 1918. Today, the Boardman Local Schools provide one of the most extensive course offerings in the area. Our Spartans can pursue their passions through three comprehensive pathways: academics, athletics and the arts. The pictures and information on the following pages are testament to the availability, enjoyment and success of these vast experiences.

From instruction to facilities, we have come a long way from that first graduating class of four seniors in one small schoolhouse. This past year the Boardman Local Schools educated 4,350 students across seven buildings. In addition to learning in a traditional setting, current high school students can go online to take elective classes and access additional coursework as needed to maintain the path to graduation. Also, we continue to upgrade our buildings and support facilities in creative and fiscally responsible approaches in an attempt to limit the burden to taxpayers.

As we honor the past, we must constantly plan and adapt for the future. This year we established a new vision statement:
Together we transform lives through academics, athletics and the arts.
These transformations must be adaptable and diverse as we create the next 100 years of Boardman Excellence.

Go Spartans!

Timothy L. Saxton

LITERACY NIGHT

BE A SUPERHERO

YSU FIELD TRIP

HANGING OUT WITH PRESIDENT TRESSEL

- Positive Behavior Intervention– Spartan SHIELD , Kindness Coins, Reward Scratch Tickets, Pictures on SHIELD board
- Raised over \$12,000 for a Market Street student with leukemia
- Partnered with three local churches to help supply students with school supplies
- Hosted breakfast with Santa for all Market Street families
- STEAM program under direction of parent volunteers added the Arts to the program this year—5 weeks of interactive learning for students
- STEAM parent volunteers also provided opportunity for field trips to YSU, Akron Zoo and Pittsburgh Science Center
- Big Spartan/Little Spartan mentoring program
- Literacy and Math Nights for parents and students

STADIUM DRIVE ELEMENTARY

- Students helped raise more than \$2,000 during PTA Light It Up Blue Campaign for Autism Awareness
- Created and implemented a PBIS program throughout the building where students are encouraged to show their Spartan SHIELD: (Support, Honesty, Involvement, Excellence, Love, Determination)
- Participated in many civic organizations including: Optimist Club Poster Contest, Boardman Rotary 3rd Grade Dictionary Distribution, Boardman Lions Arbor Day Tree Sapling
- Math 24 Challenge 2nd, 3rd and 4th Place winners, and 10 of the top 16 place finishers in Mahoning County
- Second grade carnival created and run by the students collected more than 1650 lbs. of food that was distributed to Second Harvest Food Bank and families in need in Boardman
- Celebrated Boardman police and fire department personnel as part of September 11th Memorial Tree Planting Ceremony

ROBINWOOD LANE ELEMENTARY

- 4th grade students served as pen pals to 2nd grade students
- Partnered with Making Kids Count Foundation to provide after school reading tutoring program for 3rd grade students
- Raised funds and donated to Koin's for Kids, Relay for Life, ALS, Salvation Army and Hospice House
- Participated in Boardman Kiwanis Easter Egg Hunt at Boardman Park
- Implemented the Everyday Math Curriculum K-4, Reading Workshop and Writing Workshop
- Raised \$8,000 with Jump Rope for Heart (American Heart Association)
- Recognized by OSBA as "Consistently High Performing" School

THE PLANETS ALIGN

GLENWOOD JR. HIGH

Science Department received over \$26,000 in grants since 2015:

- * Hydroponics Systems for plant studies
 - * Weather Balloon for atmospheric studies
 - * Aquaponics System for ecosystem studies
 - * Industrial Compost System (FDA grant)
 - * Wind Turbine Activity Kits
- Court Sanctioned Cyber Safety Program presented to entire student body
 - State qualifiers in the Geography Bee and Math Counts Programs
 - All 8th graders participated in Law Day tour of Mahoning County Courthouse and observed an ongoing trial
 - Donated gently used sports equipment to Mission of Love for children in Guatemala
 - Makers Club team placed 2nd out of 122 solar cars in Solar Sprint Car Challenge at Kent State
 - Breakfast All Star Award from Ohio Department of Education for 30% growth in participation

BOARDMAN HIGH SCHOOL

- The BHS Choir competed in Gatlinburg, Tennessee and took 1st place in their division
- Robotics Team was 2nd overall at the Northeast Ohio Robotics Education Competition at YSU
- Lacrosse became an official sport at Boardman and is now a sanctioned sport by the OHSA
- Eleven seniors achieved a perfect 4.0 GPA and graduated First In Class
- BHS Fine Arts Department participated in the Congressional Art Show, the Mahoning County Art Show, the Scholastic Art Show and the Delta Sigma Theta Sorority Art Show
- Football team was named the *iHeartRadio Team of the Week* after their big Mooney win
- Nicholas DiGiacomo was a National Merit Finalist
- Quiz Bowl Team was Mahoning Valley Champion for 3rd consecutive year, placed at state competition and qualified at nationals as one of the top 200 teams in the country

INSTRUCTION

Math

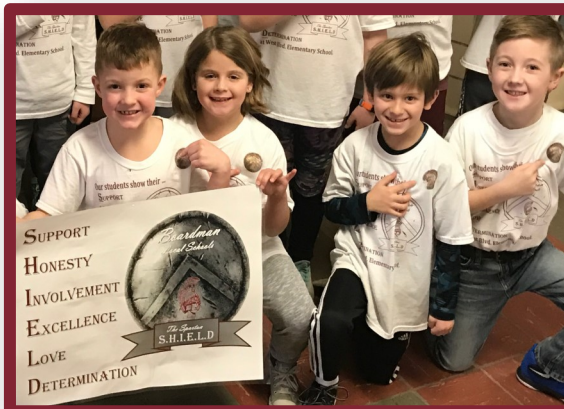

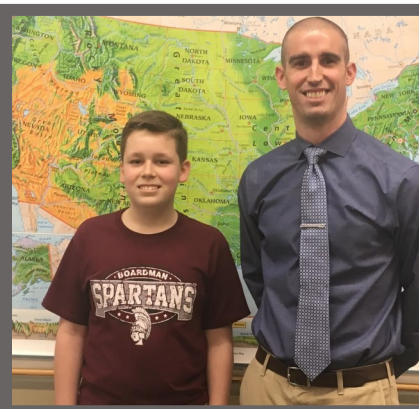

Providing an effective, consistent math experience for our students between grade levels and buildings is important and the newly implemented Everyday Math Program accomplishes this goal. This K-6 program emphasizes the application of mathematics to real world situations. Students participate in whole group, small group, partner, and individual activities. Hands-on activities and games get all students involved and they are encouraged to explain their mathematical thinking. As a result of Everyday Math, the home and school partnership is strengthened since all K-6 students have online accounts from which they and their parents can review class lessons, play games, and find math resources. The program also gives teachers access to a database where they can track student progress and make decisions about intervention or enrichment for students.

Language Arts

Our district is now in its second year of implementing the Reading/Writing Workshop model, which cultivates young scholars into passionate, skilled readers and writers. Through this research-based curriculum, students who were at one time perhaps reluctant to read are inspired to independently pick up a book. The daily mode of instruction includes grade level mini-lessons, independent reading and/or writing time, focused individual conferencing and teacher-directed, small group, differentiated guided reading lessons. This style of teaching gives students the tools for selecting and comprehending a variety of different types of literature. In addition, this program incorporates the use of mentor texts, authentic works written by accomplished authors, to show how powerful the written word can be. As a result, our Boardman students are developing a sense of responsibility for their own learning as well as a sense of belonging to a supportive reading/writing community that fosters life-long readers, writers and thinkers.

District Leadership Team

Boardman's District Leadership Team focused its efforts in 2016-2017 on exploring, developing and implementing Tier 1 of the PBIS Framework. As a district team we decided on the acronym S.H.I.E.L.D. (Support, Honesty, Involvement, Excellence, Love, Determination) to guide us. Our goal was to spread the vision that "Students expected behaviors are the responsibility of all employees in all areas of the school community as measured by a reduction in discipline referrals." Though PBIS is a school wide systematic approach, each building implemented the research based program in a way that best addressed the needs of their specific students. PBIS will once again be a district initiative in the 2017-2018 school year with the goal of moving to a more comprehensive program (Tier 2).

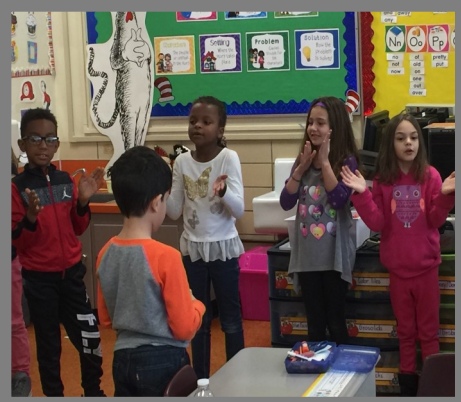

FUNDING

Boardman Local Schools Appropriations

Fiscal Year 2017

GENERAL FUND			\$44,773,436			ENTERPRISE FUND			\$1,459,991		
Funds for the operation of the District: Salaries, Benefits, Purchased Services, Supplies and Material, Equipment, Technology, Fees, Advances, and Transfers. STUDENT SERVICES

Special Education and Student Services

Boardman Local Schools serve approximately 783 students with disabilities in the district. Services are provided in all 7 district buildings, as well as St. Charles Catholic School. Boardman has been awarded a School Psychologist intern for the 7th straight year through a fully funded ODE grant. This opportunity provides Boardman students an additional school psychologist to assist with diagnostic testing and identification as well as some counseling.

Exciting News on the Preschool Front

After 20 years of programming at our Lockwood site, we are fortunate to bring those four half-day classrooms into our neighborhood elementary buildings for the first time. These classrooms provide all special education services and therapies to our preschool students identified with a disability. Full day programming will be available at Market St. Elementary in partnership with the Alta Head Start Program. Boardman currently has 52 students participating in the Autism and Jon Peterson Special Needs Scholarship Programs. These are state mandated programs that provide families of children with disabilities a choice to attend a state-approved service provider.

Each year Boardman Local Schools are rated on the performance of our special education program for procedural compliance. Boardman's 2016 Special Education Rating is "Meets Requirements" with 28 points out of a possible 28 points. (Highest Rating)

Search for Children with Disabilities

Local school districts have the responsibility to identify and evaluate all children with disabilities. A preschool child between the ages of 3-5 is defined as having a disability if she/he has a documented deficit in one or more of the following areas:

Communication, Hearing Impairment, Vision Impairment, Motor Functioning, Social-Emotional, Behavior Difficulties, or Developmental Delay(s).

For school age children ages 5-21, a child may qualify for special education services if she/he has a disability in one or more of the following areas:

Autism, Intellectual Disabilities, Behavioral/Emotional, Speech/Language, Multiple Disabilities, Specific Learning Disabilities, Traumatic Brain Injury, Health Impairment(s), Orthopedic Impairment(s) or Vision/Hearing Disabilities.

Early observation and records help an evaluation team find appropriate programs and services prior to the child entering school. If you have a child 21 years of age or younger who has, or is suspected of having a disability, please contact:
