**Computer Usage Waiver Form
(Student will use their own technology)**

Under Ohio Revised Code 3314.22, parents are entitled to a computer for each student enrolled, which parents can choose to waive.

Sec.3314.22 (A)(3) The parent of any child enrolled in an Internet- or computer-based community school may waive the entitlement to one computer per child, and have no computer at all supplied by the school, if the school and parent set forth that waiver in writing with both parties attesting that there is a computer available to the child in the child's residence with sufficient hardware, software, programming, and connectivity so that the child may fully participate in all of the learning opportunities offered to the child by the school. The parent may amend the decision to waive the entitlement at any time during the school year and, in such case, within thirty days after the parent notifies the school of that decision, the school shall provide any additional computers requested by the parent up to the number necessary.

I, _____, certify that I have my own personal computer and an Internet connection available for my child's use. I also understand that the Greater Ohio Virtual School (GOVS) is not in any way responsible for installing or maintaining any hardware, software, external connections, or peripheral equipment associated with this computer. Furthermore, I understand that if this equipment becomes inoperable, there is a possibility that GOVS may not have a loaner computer immediately available; in which case I accept the responsibility for finding a suitable or temporary solution until the school is able to loan me a laptop.

I represent that I am at least 18 years of age, have read and understood the abovementioned statement, and am competent to execute this agreement.
