

Home-School Partnership

We believe that families play an important role in their child's education; therefore, we provide opportunities for families to be involved. At Mt. Hope/Nanjemoy, we will:

- Involve parents in decisions regarding the spending of Title I funds and the 1% family engagement budget.
- Offer a flexible number of meetings at times that are convenient to parents.
- Provide information about school programs in a timely manner and in a language parents can understand.
- Provide interpreting and translation services, transportation, and childcare.
- Help parents understand State academic standards and local academic assessments.
- Show parents how to monitor their child's progress and work with educators to improve their child's achievement.
- Educate school staff on how to work with parents as equal partners in their child's educational process.
- Coordinate and integrate family engagement programs and activities with Federal, State, and local programs.
- Maintain a virtual and in-person Family Resource Center.
- Provide full opportunities for the participation of parents with limited English proficiency, with disabilities, and of migratory children.
- Encourage parents to join our school's Title I DADvisory Council, PTO, and School Improvement Team.
- Hold an annual meeting to discuss our school's role and requirements in implementing the Title I program and your right to be involved in your child's education.
