Dear AITE Family,

Thursday, September 22, 2022 is Open School Night. The event will start at 6 pm, with information sessions about school and community resources in various locations in the building. These information sessions are optional and will run until 6:40 pm (see schedule and locations for these sessions below). The FBLA Club will also be selling AITE merchandise outside of the Cyber Cafe.

Starting at 6:45 pm, parents/guardians will run through their children's full schedule, beginning with period A1 and ending with period B4. Classroom presentations will be 13 minutes. You will hear from the teachers about topics like the expectations of each class, how they will assess your child, and how to contact them if you have a question. This is not an evening where teachers will be able to speak about the individual progress of students. If you need that type of meeting, you can contact your child's school counselor to set up an appointment. The evening will end at 9 pm.
