Homecoming Olympics

The homecoming olympics are a day-long event where the classes compete against each other. They played hula-hoop, rock paper scissors, dodgeball, scavenger hunts, tug of war, hungry hungry hippos, and the most intense game of musical chairs that I have ever seen.

We had cheer, dance, basketball, band, and the homecoming court at the game. Look at these pictures of the memories made.

Dorothy in Wonderland

The drama club put on their fall production of Dorothy in Wonderland this month. Mr. Centifanto took many amazing pictures of the production for us. Dorothy was stuck in Wonderland instead of The Land of Oz. She had to count on her friends in both worlds to help her return home. The Queen of Hearts allowed all the characters of Oz to leave as long as they promised to never return.

Academics

Mrs King-Licht's business classes had to create store front designs for their final projects. Check out a few of the examples below.
