Tip: To ensure that your student is on pace, be sure to print/screenshot the weekly plan on Monday and ensure that all assignments are done by the end of the week.

If you skip a day of school or a lesson in a subject, that lesson moves to the next day. All subsequent lessons also move a day forward. If you are not aware of this process, you can quickly become behind in pace.

Example: Monday - student is sick - no lessons are done. On Tuesday, the student should complete all lessons for Tuesday and Wednesday. This will keep the student on-pace.

Where Are The Grades?

Grades shown in the OLS reflect quizzes and assignments submitted to the teacher.

Progress report grades will reflect the percentage of expected progress. This calculation comes from the Actual Progress divided by the Expected Progress.

Grade	Progress
T	0%
F	50%

Actual Progress: 1%
Expected Progress: 100%
% of Expected Progress: 1%

What is My First Assignment?

Please complete the **Online Learning K-5** course. This is a short tutorial course on how to do school online. You will have access to this course one week before school officially starts. It is mandatory for all new students.

The screenshot shows a user interface for a course catalog. On the left is a vertical sidebar with icons for 'Loading...', 'Courses', 'Plan', 'Messages', and 'Resources'. The main area is titled 'Courses 9' and displays a grid of course cards. Each card includes an icon, a title, a progress indicator (letter and percentage), and a status bar with a pencil icon and text. The 'Online Learning K-5 21-22' card is highlighted with a pink border and a pink arrow pointing to it from the right.
