

The Judy Center Presents

A Power Tots Playgroup

Power Tots supports children's physical and emotional growth and well-being—all at a critical developmental stage. From birth to age six, 90% of brain development has occurred. Power Tots is based on science showing that physical activity enhances learning. Serving children with a rich foundation during these early years sets them up for future success.

Wednesdays from 11:00-12:00pm
Indian Head Pavilion
100 Walter Thomas Road

Children MUST live in the Indian Head school zone and be between the ages of 1-5 years old
