School Description

As you approach the front of our school, you will see a beautiful, colorful student-created mural depicting the sights and unique characteristics of our great Puget Sound region. At the center of this mural is a simple schoolhouse. School is the center of the Blackwell community.

The Lake Washington School District student profile calls on educators to provide learning environments in which Connection, Value and Challenge are part of a student's educational experience. We strive to provide integrated, differentiated learning experiences for students. We strive to know each student on an individual basis to address individual needs. We strive to engage students actively in their learning in classrooms where every student knows they are safe and respected. We teach standards-first curricula based on the rigorous Washington State Standards.
